

# GERMAN POSITIONS IN ROSTOV UNDER RUSSIAN SHELL FIRE

## Allied Bombers Carry War to Italy From African Bases

### Fourth Battle for Vital Industrial City Is Under Way

Moscow, Feb. 8.—(AP)—The Red army sent shells screaming across the Don river into German positions in Rostov today, Russian dispatches reported, as the fourth battle for this important city opened while masses of Russian troops battered their way toward the main German defenses in southern Russia on a 500-mile front.

Russian forces seized the town of Azov, 15 miles southwest of Rostov, yesterday, freeing the left bank of the Don of the last center of German resistance and making a large-scale assault on Rostov possible, a special communique announced.

Meanwhile to the north, Russian troops continued to clear great areas of Russian soil of the invader and threaten the great German bastions of Orel, Kursk and Kharkov, Russian communiques said. The railroad between Rostov and Kharkov was cut with the capture of Kramatotskaya and the line between Belgorod and Kursk was snapped with the capture of Gosteshevo, the Russians announced.

The Germans were reported rushing thousands of reserves into the breaches in their lines in an effort to stem the Soviet flood, but dispatches indicated the giant Russian offensive was crumpling forward with unprecedented speed for a winter campaign.

(The German high command asserted that "in the estuary area of the Don as well as in the great Donets bend the day (Sunday) was generally quiet," apparently trying to minimize the threat to Rostov. Its communique reported that a Russian regiment which crossed the Donets at dawn was annihilated by a German counter-attack.)

(The Soviet mid-day communique as recorded by the Soviet radio Monitor in London said the Germans were resisting stubbornly in the region of Kramatotskaya, reported captured by the Russians last night. Eleven German tanks were reported disabled there and in a nearby sector, the communique said, the Russians broke through to the rear of the German defenders, routing enemy infantry forces.

(The German forces seeking to hold Rostov against the Russian troops pressing at the gates at the mouth of the Don yesterday, attempted to regain lost positions south of the city, but were met by withering mortar fire.)

The speed of the Russian offensive presented the possibility that Gen. Vatutin's army might attempt to smash southward from the Kramatotskaya region to the Sea of Azov and trap thousands of Nazi troops behind Rostov.

The German forces still remaining in the Caucasus were in great peril. The Red army already has pocketed one group between Azov and Yeysk and the only salvation for the large forces in the Krasnodar and Novorossisk areas is evacuation by sea across the Kerch Straits.

The Russian Black Sea fleet has been reported on the alert for this contingency.

### Lorient Sub Base Target Of RAF Raid

London, Feb. 8.—(P)—The RAF gave the German submarine base at Lorient, France, its last night and also attacked targets in the industrial Ruhr, the air ministry announced today.

Preliminary reports indicate that great destruction was caused in the attack on Lorient, a communique said. The submarine base there had been last bombed last Thursday night, in conjunction with attacks on northern Italy and the Ruhr.

Seven bombers were reported lost in last night's operations. The Berlin radio said a small number of British bombers carried out what it called "single nuisance raids" on western Germany. It asserted damage was negligible.

Germany sent a few aircraft over a coastal area of southern England during the night and bombs were dropped at one place. The British said there was slight damage but no casualties were reported. One bomber was destroyed.

In the aerial offensive over the weekend, the RAF attacked scattered targets in the Rhineland during reconnaissance missions Saturday night and yesterday by daylight fighters attacked locomotives and barges in patrols over northern France and Belgium.

Folkstone observers reported that a formation of Spitfires roared low over Dover strait and vanished into the haze over the French coast early this afternoon to maintain the offensive against enemy targets.

### MOBILIZATION OF MANPOWER STEP NEARER

National War Service Act In Congress Would Grant Pres. Sweeping Authority

#### COMPLAINTS MOUNT

Washington, Feb. 8.—(P)—A National War Service Act, granting President Roosevelt sweeping power to utilize the nation's manpower and womanpower in any job deemed necessary to achieve victory, was introduced in congress today by two Republicans.

The measure, which would make millions of Americans eligible for a call to duty on assembly lines of tanks and planes and in the fields to sow and reap the country's crops, was submitted by Rep. Wadsworth (R-N. Y.) and Senator Austin (R-Vt.).

The purpose as set forth in the measure's preamble is "to provide further for the comprehensive, orderly and effective mobilization of the manpower and the womanpower in support of the war effort."

The measure also makes a "declaration of policy and intent of congress" under which it is stated: "The congress further declares that there is no intention by this act to modify, reaffirm, or otherwise affect existing laws relating to maximum hours, minimum wages, overtime pay, or collective bargaining, or relating to medical, arbitration or other procedures for the settlement of any labor controversies or questions x x x."

There was no mention in the proposed legislation of the status which drafted workers would have if they were assigned to industries (Turn to Page Nine)

### Relief Shift Outlined By Gov. Martin

Harrisburg, Feb. 8.—(P)—Governor Martin said he proposed to shift to the counties administration of only the unemployment relief phase of public assistance, and that he would let the legislature determine the amount of local contribution to the program.

Previous statements had created the impression in some quarters that the administration plan embraced also the transfer of dispensing pensions to the aged and blind and assistance to widowed mothers but, Martin said this would be retained by the state either in the present relief department or in a new welfare department bureau.

Unemployment relief constitutes only about 15 per cent of the state's total assistance load and costs about \$20,000,000 a biennium.

"It's not going to add much burden to the counties," declared the governor. "Practically all of them could take care of the load. The coal counties—anthracite and bituminous and Philadelphia and Allegheny think they couldn't, but I think all of them can."

Martin said Pennsylvania is the only state paying the entire cost of relief, pointing out some 15 states made no contribution to the program while localities carried from 4 to 90 per cent of the load in the others, most of them paying about 60 per cent.

"My interest in the transfer is not so much the cost of it but preserving local government," asserted the chief executive. "Local government is self government and that's what we've got to maintain."

Martin said Pennsylvania is the only state paying the entire cost of relief, pointing out some 15 states made no contribution to the program while localities carried from 4 to 90 per cent of the load in the others, most of them paying about 60 per cent.

"My interest in the transfer is not so much the cost of it but preserving local government," asserted the chief executive. "Local government is self government and that's what we've got to maintain."

### Critical Shortage Of Sole Leather Revealed

Washington, Feb. 8.—(P)—Why shoe rationing? James F. Byrnes, director of economic stabilization, said it will "make certain that the American people continue to have all the shoes they need," and added:

"Rationing is made necessary by the critical shortage of heavy sole leather. More than one-third of our total sole leather supply already is being used for military and lend-lease purposes."

### Quarryville's Noted Citizen Passes Away

"Hibernating Governor" of Groundhog Lodge Is Dead at 76

#### LONG A JOURNALIST

Lancaster, Feb. 8.—(P)—George W. Hensel, Jr., "hibernating governor" and founder of the widely known Slumbering Groundhog Lodge of nearby Quarryville, died last night at his Quarryville home after an illness of several months. He was 76.

Banker, merchant and newspaper writer, Hensel gained his greatest fame when he founded the Groundhog Lodge more than 25 years ago. Until the war intervened a year ago the lodge held an annual celebration on the day the groundhog was supposed to forecast the weather.

Such notables as former Vice President John Garner, Charles A. Lindbergh, and Mark Sullivan, are among the lodge members. Hensel, big and jolly, operated the hardware store which his father founded and for 35 years was president of the Quarryville National Bank.

He counted his friends by the hundreds. Theodore Roosevelt and William Jennings Bryan were among notables he knew intimately.

In addition to founding the Groundhog Lodge he also founded the Old Fiddler's Association and old-time melodies often resounded (Turn to Page Nine)

### FLYNN IN SECLUSION FOLLOWING ACQUITTAL

Los Angeles, Feb. 8.—(P)—Somewhere in seclusion Screen Actor Errol Flynn rested today from the ordeal of his 20-day trial on statutory rape charges, of which he was acquitted.

His accounts and the state's principal witnesses, meanwhile, had withdrawn from the Hollywood scene, where both dreamed of film careers, and from the limelight of the court action they brought against Flynn.

Peggy La Rue Satterlee, 16-year-old former night club entertainer, already had departed for her home in Appleton, Calif., where she plans to re-enter high school as a sophomore. Arrangements are being completed, said Deputy District Attorney Thomas Cochran, to send 17-year-old Betty Hansen back to her Lincoln, Neb., home.

The jury of nine women and three men brought in a verdict of innocent Saturday after deliberating about 24 hours.

### Writer Found Victim of Fire

Wilkes-Barre, Feb. 8.—(P)—Louis Weitzenborn, whose play, 'Five Star Final,' glamorized the newspaper business for thousands of stage and motion picture fans, burned to death yesterday in his apartment.

Deputy Coroner C. A. Miller said the 49-year-old New York newspaperman's clothes caught fire as he brewed coffee. His wife found him slumped in a chair near a lighted gas stove.

A native of Wilkes-Barre, Weitzenborn was well-known to the newspaper business long before he became known to the nation. He was a reporter on the New York Times in 1915, conducted a column, 'The Guillotine,' in the New York Call in 1916 and 1917, then interrupted his career to serve with the tank corps in France during the World War.

### STIMSON FOR CONTINUANCE OF LEND-LEASE

Any Other Decision Would Seriously Jeopardize Or Delay Total Victory

#### OTHERS TO BE HEARD

Washington, Feb. 8.—(P)—Secretary of War Stimson, urging continuance of lend-lease aid to this nation's war partners, told the house foreign affairs committee today "that any other decision would seriously jeopardize and delay our complete and total victory."

He emphasized that munitions and supplies sent to the Allies was "not charity" on the part of this nation, but rather the "best method for putting our industry and resources to the best use in defeating the enemy."

Stimson, explaining he was giving his personal opinion, said the United States could not and should not seek a post war "dollars and cents" settlement of lend-lease aid.

"You would have a devilish hard time to do so, and produce a lot of damage to international relations," Stimson said after three Republican committee members, Rep. Vorys of Ohio, Eberharter of Pennsylvania and Mundt of South Dakota had questioned him. Eberharter said he thought the matter should be cleared up as "a great portion of the American people believe there will be an accounting in dollars and cents after the war."

On the point of post war settlements, Stimson told the committee "I foresee a misunderstanding after the war—possibly a grave international misunderstanding."

Secretary of Navy Knox and War Shipping Administrator Emory S. Land were also scheduled to appear to join Stimson in giving (Turn to Page Nine)

### Budget Chief Urges Speed On Tax Plan

Washington, Feb. 8.—(P)—Budget Director Harold D. Smith, who is President Roosevelt's personal fiscal adviser, appealed to the treasury and congress today to get together "immediately" on pay-as-you-go tax legislation so that the new plan can start functioning on April 1.

Smith's statement, made in an interview as the house ways and means committee began another week of hearings on the Ruml proposal to by-pass 1942 as an individual income tax year in order to put collections on a current basis, hinted of indirect White House intervention to end arguments over details of the legislation. He did not say what form the intervention might take.

Contrary to treasury testimony before the ways and means committee, Smith indicated administration approval for cancellation of up to three-quarters of 1942 taxes to facilitate immediate operation of the plan.

In response to public demands for a more "painless" means of collecting taxes, the ways and means committee hoped to wind up public hearings this week and, in executive session, begin actual writing of pay-as-you-go legislation.

The executive board of the CIO called yesterday for legislation providing for taxes from current income, but criticized the Ruml proposal as giving "a special favor" to the wealthy.

### Annual Balloting For Outstanding Movies

Hollywood, Feb. 8.—(P)—Nearly 10,000 members of the movie industry will begin balloting Saturday on screenland's claimants to "Oscar" awards, made annually by the Academy of Motion Picture Arts and Sciences.

Academy President Walter Wagner last night announced the nominations, from which will be selected the ten best films, five best actor and actress performances, five best supporting actor and actress performances, five best directing achievements and 15 best writing jobs—in the opinion of academy members.

Results will be announced at the 15th annual academy dinner March 4. In the 1942 selections of best films, only "Mrs. Miniver," M-G-M picture, contained also the nominations for best actor and actress and best direction.

### Churchill and Montgomery Meet

Popping up unexpectedly in Tripoli, Churchill greets General Montgomery with a warm handshake and congratulations on the victory over Rommel.

### Rationing of Shoes Starts Tuesday At Rate of Three Pairs Per Person Each Year

Coupons to be Taken From The Sugar-Coffee Books

### Churchill's Return Spurs Invasion Talk

Papers Urge Capitulation On Victories Scored By Russians

#### MEETS WITH MINISTERS

London, Feb. 8.—(P)—Prime Minister Churchill's return from his 10,000-mile air tour of North Africa and the Middle East touched off today new demands for speeding the invasion of Europe while the Russians have the Germans rocking on their heels.

Every eye sounded the warning that not an hour must be lost. The conservative Times set the pace with the declaration that "if the moment cannot be seized before the impetus of the Russian advance is exhausted, the enemy may gain breathing space for recuperation and be enabled to carry on the struggle into another year."

Lord Beaverbrook's Daily Express said: "Already the Russian offensive has gone on for many weeks longer than any previous offensive. The resources of Britain (Turn to Page Nine)

### New Rubber Program Is Progressing

Pittsburgh, Feb. 8.—(P)—Rubber Administrator William M. Jeffers said today that while the government's synthetic rubber plant building program has been behind schedule due to delay in getting certain materials, "it's moving along very nicely now."

"We're trying to build a tremendous industry in a year that in normal times would take a decade," he said at a press conference. Jeffers came here to address the Engineers' Society of Western Pennsylvania and to visit a large synthetic rubber plant.

"If buyers would pay more attention to comparing posted ceiling prices with the actual charges on their goods, food costs would remain more nearly at the legal level," Loran L. Lewis, chief OPA attorney here declared, adding: "The flimsy excuse of the retailer that he didn't know about the price prosecution for flagrant violators. The retailers have had ample time to familiarize themselves with regulations covering their commodities."

L. G. Albright, district price executive for the OPA, said the survey showed 50 per cent of the stores were overcharging for butter and 60 per cent for meat. Eggs, which are plentiful, are being sold at ceiling prices, he added.

At least 200 more stores will be checked this week.

### CAMPAIGN IN TUNISIA IS BOGGED DOWN

Spotlight is Shifted to Libyan Frontier and The British Eighth Army

#### HEIGHT IS ABANDONED

By the Associated Press  
London, Feb. 8.—United States and British bombers carried the war to Italy from North African bases yesterday with attacks which left the Naples waterfront aflame, ratted the Sardinian air base at Cagliari and left fresh scars upon Sicily, communiques announced today.

American heavy aircraft struck by daylight at both Cagliari and Naples, 300 miles apart across the Tyrrhenian Sea. Brig Gen. Patrick W. Timberlake, chief of the U. S. bomber command in the Middle East, theater, said the Naples raid, made in two waves against heavy anti-aircraft and fighter opposition, was one of the most successful ever carried out by American air forces in the Middle East and was "a prologue of things to come."

The multiple aerial blows were launched as rain and mud again bogged down the Allied ground campaign in Tunisia, restricting activities to patrols.

A further closing of the Allied pincers upon Marshal Rommel was indicated, however, by a Cairo communique which said British Eighth Army troops were in contact with the enemy in the coastal region of the Tripolitanian-Tunisian border west of Plisda and they were believed to be preparing for a new attack.

Bulletins from both Cairo and Allied headquarters in North Africa emphasized the Sunday bombings of Italian soil.

The Italian high command said in a communique broadcast from Rome that the damage was extensive and that there were casualties. It was the 40th attack of the war on Naples.

The Italian bulletin declared nine raiders were shot down—four at Naples, four at Cagliari and one in Sicily. The Allies said only two planes were lost, one from the Middle East command and one from the aerial forces of Lieut. Gen. Dwight D. Eisenhower.

The harbor of Algiers, an Allied base, was reported by the Italians to have been raided last night, the bombers setting large fires. (Turn to Page Nine)

### BULLETINS

London, Feb. 8.—(P)—Aneta said today the German-controlled Netherlands radio announced that Lieut. Gen. Hendrik A. Seyffardt, commander of the Dutch Nazi legion, had been shot and killed.

Cairo, Feb. 8.—(P)—Allied heavy bombers made a large scale daylight attack on Naples yesterday, a British communique announced today.

New Delhi, Feb. 8.—(P)—RAF American-made Liberator bombers dropped nearly 20 tons of heavy bombs on Japanese-occupied Rangoon last night, a British communique announced today.

Scranton, Feb. 8.—(P)—A heavy snowfall in the Pocono Mountains, especially in the vicinity of Moscow and Deleville, resulted in plows and many clinking sleds being pressed into service in that area today by the state highway department.

Sacramento, Calif., Feb. 8.—(P)—Federal Judge Martin Welsh today denied an application by Harry Bridges, CIO longshoremen's president, for a writ of habeas corpus to forestall deportation to Australia. Bridges had applied for the writ on the grounds that U. S. Attorney General Francis Biddle acted illegally last year when he ordered the labor leader deported.

### Boy Scouts Are Saluted By President On Anniversary

Washington, Feb. 8.—(P)—America's Boy Scouts, celebrating the 33rd anniversary of their organization, heard from President Roosevelt today that their training was a valuable asset in the war effort.

The president, honorary president of the Scouts, urged that the Boy Scout movement be continued "at its full strength and effective-

# HOW TO SQUARE UP with the STORK

One of many ways in which loans can aid wartime living

NEW PARENTS often find it difficult to handle the bills that the stork leaves. Medical bills, hospital bills—all present a real problem. At such times, a loan from us usually provides the most economical solution. Whenever money can help, see us.

## Farm Security Administrator Arranging To Import Beef

Two new parallel programs—the purchase and re-sale of good milk cows, calves and heifers, and the tapping of new supplies of year-round farm labor—should help solve Erie, Warren and McKean counties' milk production problems, W. Levant Alcorn, Farm Security Administration supervisor, said today.

"We have already begun to bring in labor for some sections of the state," said Mr. Alcorn, "and we're ready to buy good dairy animals that otherwise might go to the butcher."

"There's no doubt about the need for more milk. We need every pound we can produce. And the Farm Security Administration is going to do its level best to see that this area produces every possible pound."

The county supervisor explained that men and women throughout the state are being solicited to take good year-round jobs on farms. Applications for jobs or for help may be made at the FSA office at the post office building in Corry, Pa.

"If we can't get the help we need within the state," he added, "we'll try to bring it into the state from other parts of the country. Farm Security everywhere is seeking surplus labor, which we'll transport to training centers and from there to jobs. We'll pay all costs for travel and subsistence. This service will cost the farmer \$10 for each farm hand hired."

He said that since inception of the cow-buying program recently, his office had purchased about 50 head of dairy cattle to date through this program.

"In some cases we've found that farmers are selling their herds for want of labor," the supervisor continued. "In those cases we are urging the farmers to stay in business while we look for help for them. We want to buy promising calves and heifers and good milk cows only if the farmer is determined to go out of business."

"All cows that we buy are offered for re-sale in this area. If there are no buyers here, we'll sell them elsewhere to someone who'll keep them in production."

"If farmers here want to increase their herds, they can make application to me. If we can't fill their orders with local stock, we will try to get good milkers elsewhere."

Any farmers having dairy calves, dairy heifers or cows which they wish to sell through this program should immediately call or write the Farm Security Administration, Post Office Building, Corry, Pa. Telephone 30-394.

## Employment and Payrolls Up In County Last December

State College, Feb. 8.—General business in the state, measured by bank deposits, factory payrolls, and industrial power sales, stood at 180.7 for December, rising 11.3 per cent above that of December a year ago, but dropping one per cent from November to December, after seasonal adjustment, the monthly business survey of the Pennsylvania State College revealed today.

The cost of living continued to advance because of higher food prices, which rose between 1.1 and 1.8 per cent over November levels in leading cities of the state. Food costs are now up from 16 to 19 per cent over a year ago, and up from 46 to 43 per cent since the start of the war in 1939. Other prices in December showed little change, the report states.

In addition to factory payrolls and employment, improvement from November to December, after seasonal adjustment, was noted in the following important series: crude petroleum output, bituminous coal output, postal receipts, Allegheny carloadings, electricity output, newspaper advertising, and industrial power sales; but a decline occurred in building contracts, anthracite coal output, bank deposits, and independent store sales.

Business in two important industrial areas of the state, Scranton and Johnstown, was below that of December, 1941, but business in the other 13 leading industrial areas was better than last December.

During the year, the industrial areas in which Erie and Williamsport are situated each showed a 32 per cent increase, the greatest gain in general business for any areas in the state.

A survey for Warren shows: Postal receipts in December were

\$37,943, a decline of 33% from those of 1941 in that month. From November to December they made a less than seasonal decline of 21%. Receipts for 1942 were \$518,524, a loss of 22% from 1941.

Industrial power sales broke all December records and increased 21% over those of the previous year. From November to December they fell 0.5% in contrast with a 1% increase a year ago at that time. Sales for the year were at a new high and expanded 29% over the year before.

Building operations were \$15,130 in December, a rise of 27% over last year. From November to December they increased 192%. Operations for the year ran \$93,157 or 25% under the volume of 1941.

New car and truck sales in Warren county were none during December against 60 a year ago and 2 in November. Sales for the year were 124 or 92% under the volume of the year before.

Telephones in service on January 1 were 5504, a gain of 134 in the last year. During December a rise of 9 stations was noted.

Factory employment in the 5-county Kane-Oil City area was 5% larger than it was a year ago. From November to December it rose 1% when a small decline would be seasonal. The index rose to 120, a gain of 1 point from November after adjustment. The years 1935-1939 being 100. Payrolls for 1942 were 35% larger than those of 1941.

Factory payrolls in this area were at a new high for any recent year and expanded 29% over last December. From November to December they made a better than seasonal gain of 4%. The index advanced to 211, an increase of 5 points over November after adjustment, the years 1935-1939 being 100. Payrolls for 1942 were 35% larger than those of 1941.

## Forest County School State Project Winners

According to Karl Flowers, teacher of vocational agriculture in the Tionesta-Hickory high schools, two students of vocational agriculture in the Tionesta Boro and Hickory township high schools won awards in the 1942 state project contest recently.

Buster Manross, a sophomore in the Hickory township high school, was awarded seventh place in the small fruits contest and was given a bronze award but for this achievement. This was his first project to be conducted on his supervised practice program in vocational agriculture and consisted of the planting and growing of 1200 strawberry plants.

The keeping of accurate records in a project book was also an important part of the project work. Total charges for this project were \$63 and the total receipts were \$97.50, leaving a profit of \$34.50. For self-labor, 134 hours were charged against the project, which makes the pupil's labor income on the project \$74.70. Buster plans to make this a continuation project by putting out more plants this year and hopes to harvest a good crop of berries this summer.

Everell Wagner, a senior in the Tionesta high school, placed fourteenth in the poultry meat production contest. Competition in this contest was very keen. Six hundred sixty-two chicks were purchased for this project and only 29 were lost, a very good record. Total charges were \$305.28, with total receipts of \$485.60, or a profit of \$180.42. A charge of \$11.70 was made for 58 1/2 hours of self-labor on the project, which gives a pupil's labor income of \$192.12 on this project.

In his supervised practice program, Everell has carried a swine project with seven shoats and a sow and litter two acres of corn, and another swine project of a sow and litter in his freshman year in his freshman school year. His total labor income from four projects has been \$299.01, which is a very creditable record.

Report for Sugar Grove will be in the near future.

## Hikers Are Undaunted By Sunday's Blizzard

Ike Reed, veteran member of the Allegheny Hiking Club, conducted the eleven hikers on the club's 102nd journey yesterday afternoon. Undaunted by the blizzard and snow the group walked from General Joseph Warren Park over the south side and up the cemetery road to the Big farm at the top of the hill. Turning left there they went down the valley through the woods, coming out at the Sherwood Refining Company and returning to town by the river road and making a distance of nearly six miles.

## Russians Turn Back the Clock

In two-month winter campaign Soviet forces have pushed the Nazis back practically to the line summer drives. Map shows the big area regained by the Russians and drives now threatening Rostov, Kharkov and Kursk.

## TIMES TOPICS

**IS REPRESENTATIVE**  
C. C. Hulings, 446 Prospect street, has been named potentate's representative in Warren by the new head of Zem Zema Temple, Order of Mystic Shrine, in Erie.

**HOME FROM HOSPITAL**  
Mrs. Forest Waite, patient at the Warren General Hospital for the past several weeks, was removed to her home at 110 Water street on Saturday.

**CONDITION GOOD**  
Peter Nasman, of Scandia, who was brought to the Warren General Hospital last week with a fractured hip, is reported to have had a restful night and is getting along nicely.

**REPORTED IMPROVING**  
Z. L. Sheldon, well known Kinzua business man who has been in the Warren General Hospital since January 28, is reported much improved. His son, Lester, called home by his father's illness, returns today to his aviation instructor's duties at Americus, Ga.

**CADET GOES SOUTH**  
Merrill Haight, son of Mr. and Mrs. Kenneth Haight, of Sugar Grove, has left for Miami, Fla., to train as an aviation cadet. His parents accompanied him as far as Pittsburgh to see 600 cadets entrain. Several farewell parties were given by young people of Chander Valley and Youngsville for the young trainee, who is a graduate of the high school at the latter place and has been employed by the National Forge at Irvine.

**NEED MORE AIDES**  
Announcement is made today by the nursing committee of the Red Cross chapter that a few more registrations are needed to start the daytime class for Nurse's Aides and that a sufficient number of enrollments has been received for starting of the evening class. Since these are the last instruction groups to be started for some time, those interested in the daytime instruction are asked to register immediately.

**CLASS ENTERTAINING**  
The Jefferson Men's Bible Class of the First Presbyterian church has extended invitations to men of the First Baptist, First Methodist and Trinity Memorial churches to be guests at eight o'clock this evening in the Presbyterian church. The entertainment will include six reels of sound movies and refreshments. The Jefferson Class president, A. H. Yerg, urges all Presbyterian men to be on hand to welcome their guests.

**SECOND ISSUE SOON**  
The second issue of the YMCA 'News Letter for Men in Service' will be ready for mailing on Wednesday of this week, it is reported from the association building. There are now 85 names on the "Y" Roll of Honor, men who were members of the association within a year of their leaving. Officials would like to mail a copy to each of these men but some have not sent their addresses to the "Y" office and the cooperation of parents, relatives and friends is asked in helping to bring the mailing list up to date. They may be telephoned by calling 1000.

**SCHOOL TO AID FARMERS**  
Farmers of Conewango, Pleasant, Glade and Mead townships will meet in the Warren High School Tuesday evening at 7 o'clock for the purpose of laying plans for organizing a farm machinery repair course. In the practice of the course farmers may bring in their farm machinery that needs repairs and do the work in this class. The proposition is sponsored by the Warren county public schools at no cost whatsoever to the farmers except for the parts which may be needed. It will form a splendid opportunity to recondition the machines from these farms. The farm machinery situation is critical, as the government is rationing machinery and at the same time urging larger plantings of crops.

## Finley Store Shows Knives Contributed

Don Finley's project "Save a Life With a Knife" hit a fast pace in sporting circles around Warren when today's announcement found local men giving up 30 of their precious blades to help the American soldiers fight hand-to-hand warfare in the South Pacific and elsewhere.

The three days since he announced his interest in the program of collecting all knives from Warren sportsmen it has been nearly as successful as any other war-drive to date and when it ends will certainly go down as one of the finest achievements ever accomplished by a Warren merchant.

Mr. Finley has taken on himself all the expense of sending the knives to the Pacific coast for sorting and shipping and all that is required of the donors is to either send or bring them into the store, whereupon they will be placed in the display window with each name tag attached until they are packed for shipping.

Warren citizens should feel proud of those thirty who have already donated the weapons for overseas use, and to those who are still debating whether to turn their blades in, don't forget it's "Save a Life With a Knife."

## AT THE HOSPITAL

**Admitted Friday**  
Mrs. Ida Collins, 120 Pennsylvania avenue east.  
Mrs. Hulda Skelton, 7 Malvina street.  
Mrs. Jean Rosenhoover, Clarendon.

## AN ALL-STAR CAST!

## Hands That Rock the Airport

Cradle rockers turn rock crushers on Cyprus to keep British airfields on that Mediterranean island in top shape. Native women make "little ones out of big ones," then pile up the rocks for transport to the airfield, where steam rollers level the surface.

**Buy War Bonds Now**

## AVOID HEATING YOUR KITCHEN WITH YOUR GAS RANGE OVEN

Up—up—up goes the call for gas to make tanks, guns, ships, torpedoes, shells, planes and other weapons.

Under normal conditions, we could obtain steel and other materials to enlarge our gas supply. Today, this cannot be done.

Despite unprecedented war demands, we are doing our best to meet your normal needs. However, large, sudden and unusual demands of gas for heating with range ovens might exceed our gas supply.

Will you do your part to conserve gas for war plants by avoiding the use of your gas range oven for heating your kitchen?

## HERE'S HOW YOU CAN HELP

- 1 Do not heat your kitchen with your gas range oven or top burners.
- 2 Minimize your use of gas for cooking. Heat no more water than necessary.

## Cooperation of Meat Dealers Urged in Collection of Fats

Dissatisfaction was expressed this morning by Wylie T. Corbett, chairman of the County Salvage Committee, regarding the failure of some meat dealers to co-operate properly in the collection of waste fats.

"While the majority of markets are playing their proper part," said Mr. Corbett, "a number of dealers state that they do not care to be bothered with accepting fats from their customers. The individual is then compelled to go from market to market until he finds a dealer willing to accept his fat. This is certainly not a patriotic act on the part of dealers who are taking this attitude. It must be corrected at once."

Mr. Corbett pointed out that complete co-operation between housewives and meat dealers is vitally necessary to the carrying out of the county fats program.

Warren county's monthly quota is 6,418 pounds. January showed a collection of 1900 pounds. Though this is the largest total of any month to date (exceeding November, the next largest, by about 500 pounds) the county is still collecting less than one-third of its monthly quota. This must be corrected promptly. Fat contains twenty per cent pure glycerine and is absolutely indispensable to the war effort. The total monthly quota for the entire state is 1,428,000 pounds.

Mr. Corbett released for publication the following statement of salvage shipments from Warren county for the month of January:

Steel and Iron Metal Scrap, 2,389 gross tons.  
Paper, 253 net tons.  
Tin cans, 151 gross tons.  
Rags, 13,450 pounds.  
Hosiery, 430 pounds.  
Fats, 1,900 pounds.

## Volunteers Wanted To Make Kit Bags For U. S. Troops

Officials of Warren County Chapter are asking a concerted effort to local volunteers who will make and fill the Red Cross "kit bags" which are shipped to em-

barkation points for presentation to departing soldiers and marines. Originally handled only by units in large cities, this work has been delegated more recently to all chapters, with regular quotas assigned in the same manner as surgical dressings and other war supplies.

Warren County Chapter's quota is 400 kit bags every three months. Of the first assignment, 200 have been completed and shipped and a second 200 are partly packed and waiting arrival of a number of articles to be placed therein. Already material for the next quota of 400 is on its way and workers are sorely needed.

The bags, which are made to specifications of 11 inches wide and 14 inches deep, with pull top for closing, are made from short-length army-order materials sent free to local units by the American Red Cross. Contents are supplied, in cases of some articles government tax-free, through the Red Cross and the cost complete is about \$1.

Contents, according to war department regulations, are a small soapbox with cake of soap, deck of playing cards, cigarettes, shoe polishing cloth, pencil, package of envelopes and ink tablet chewing gum, shoe laces, waterproofed match boxes, razor blades, book of humorous or mystery nature, sewing case which holds darning and sewing needles, thread, safety pins and regulation army buttons.

There is system, even, in the packing of the kits, which must weigh no more than one and one-half pounds when complete. Much valuable room is saved by careful packing and local workers have evolved a plan that allows for no waste space in the bags.

The chapter has had a fine response so far from organizations and individuals who have taken materials and made the kits, and in some cases provided articles for filling them, but with the new quota at hand many more workers are needed.

### TREE BECOMING EXTINCT

The Franklin tree has never been found anywhere in the world except on a few acres of Georgia Swamps. Cuttings from this tree have been taken to England and to the city park of Philadelphia and they are all that are left.

Yachts have been used in Great Britain and Holland since the 17th century.

### LADIES!

Look at those walls! Aren't they dirty? Let us wash them with our new wall washing machine. No muss—no fuss.

## Defense Corps Prepared For Emergencies

Warren County Company of the Pennsylvania Reserve Defense Corps Auxiliary held a meeting at the Armory yesterday at 9:00 a. m. This Sunday meeting was a test to see if this time is more convenient to the majority of members than a week day evening. The turnout was the best yet, but as expected, there were some who could not attend.

A full explanation concerning the name of the organization has been obtained. "Reserve Defense Corps Auxiliary" is the name used by the Pennsylvania Department of Military Affairs and is proper until a change is authorized. The U. S. Army uses the name "State Guard Reserve" and Officers of the Internal Security Division, U. S. Army, have further shortened or nick-named the organization "Minute Men". The original conditions regarding service still apply, that is, the company will not be called for service outside Warren county. There are no age or physical requirements, however men connected with any civilian defense unit cannot enlist if duties in one group will interfere with the other.

The company has been divided into a headquarters squad and six regular squads. The latter are arranged according to their place of residence so in case of emergency they may be assembled quickly and rushed to the point of danger. Acting corporals have been named for each squad.

Sunday morning the company was assembled in squad formation by Lieutenant James V. Scalise and a few of the preliminaries of training were explained and demonstrated. Lieutenant "Jimmy" is still just as snappy and efficient as when he was connected with Company "I".

Several other men with previous military experience assisted him. Much was accomplished in a short time and the members were dismissed before 10:00 o'clock. A few more members are still needed to complete the company. Anyone interested may get full particulars by phoning Captain C. D. Cannon, Lieutenant L. E. Linder or Lieutenant Jas. V. Scalise.

## Local Girl Winning Fame In War Work

Through various phases of the war effort, Warren's young people are breaking into the news on more than one front. The latest to be heard from is Mrs. David Donovan, the former Mary Grandin, interviewed on her war work under "Post Profiles" in a recent issue of the Washington Post, published in the nation's capital.

Illustrated with an attractive photograph, the article tells of her work "as a member of the nutrition committee of the Red Cross in which she is busy each day doing publicity taking nutrition courses and checking the prices of food in Washington stores to provide up-to-date price information for the use of social service workers and harassed wartime housewives."

Before the war she and her husband operated their 450-acre farm near Berryville Va., and when her husband, Lt. Donovan, went to war with the naval amphibious forces, she took on the actual running of the estate.

Having left her farm to take up active war work, she and her small daughter, Patricia, now live in Georgetown. As daughter-in-law to Colonel "Wild Bill" Donovan and Mrs. Donovan, she has an active contact with those who come and go through the Office of Strategic Services of which the colonel is director.

## How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

**CREOMULSION**  
for Coughs, Chest Colds, Bronchitis

### TIMES TOPICS

#### LIONS' MEETING

Lions Club members will hold their regular meeting Tuesday following luncheon at the YWCA activities building.

#### TO WESTERN HOSPITAL

Herbert Hartweg, 1 Melvina street, left Saturday for Ann Arbor, Mich., where he will enter University Hospital for an operation.

#### MINORS EJECTED

Police on Friday evening ejected on the local pool rooms and called all minors and gave warning to the proprietors that the boys must be kept out in the future, according to law. In some instances lads in short trousers were found to be frequenting the rooms.

#### COUNTY STUDENTS HONORED

Two students attending State College from this county have attained the Dean's list for high scholastic standing during the past semester. They are Homer J. Preston, of Akeley, agricultural education, and Charles A. Swanson, also in agricultural education, of Sugar Grove.

#### NURSING CLASS

The Red Cross Chapter announces a class in home nursing will be held on Wednesday evenings at 7:30 o'clock at chapter headquarters, 404 Market street, to be taught by Mrs. Robert Crosssett and to start as soon as sufficient enrollments have been received. Those wishing to register for this instruction are asked to call headquarters, 2926.

#### LICENSES AS USUAL

Inquiry at the office of the AAA shows that the number of drivers licenses applied for through that office equals that of normal years in spite of the ban on driving, gasoline rationing, etc. However, it is stated that the big drop is expected when applications for plates are to be filed. Many have put their cars in storage and are not driving under the present conditions.

## Legion Plans To Entertain State Officers

Members of Chief Cornplanter Post No. 135 and Auxiliary will be host to two distinguished Department officers on Monday, February 22nd. The occasion will be the visit to Warren of Department Commander Dan Hartbauer and Auxiliary President Mrs. Archie W. Miller.

Due to the war and rationing problems the entertainment this year will be somewhat restricted. For a period covering nearly 20 years members of Chief Cornplanter Post have entertained Department Officers when they would visit Warren on Washington's birthday.

This year the committee has made plans on a smaller scale. The dinner and informal dance that will follow will be held at the Legion Home. Due to seating restrictions only 115 persons will be served at the dinner so tickets will be sold only to members of the Legion or the Legion Auxiliary. Admission will be by ticket only and all tickets must be picked up and paid for by February 15th.

A meeting of the Committee in charge of this dinner-dance will be held this evening at the Legion Home at 6:30 sharp. Members of the committee who are expected to be present are: Mr. and Mrs. Harry E. Nelson, Mr. and Mrs. John Meade, Mr. and Mrs. Larry Krsnan, Mrs. Elmer Munksgard, Mrs. K. W. Davis, Mrs. Richard Hildum, Ben Kinnear, Donald E. Schuler and Donald E. McComas. All these persons have tickets for sale. They may also be purchased at Legion Home, Geracimos, Kinnear and at Smiths Drug Store.

### NO RATIONING

Nor increase in price (25c) as long as present stocks last, but stocks are limited and dealers' supplies are low. The Cough and Cold season is here; get a bottle of Kemp's Balsam and box of Lane's Tablets from your druggist.—Adv.

**IN THE NAVY they say:**

"BEAN RAG" for meal pennant

"TOP SIDE" for the highest full deck

"DITTY BOX" for the box a sailor uses to keep personal possessions

"CAMEL" for the Navy man's favorite cigarette

**CAMEL**

FIRST IN THE SERVICE  
The favorite cigarette with men in the Navy, Army, Marines, and Coast Guard is Camel. (Based on actual sales records in Canteens and Post Exchanges.)

### WEST HICKORY

West Hickory, Feb. 8 There will be another benefit dance at the club house on Saturday evening Feb. 6th, both round and square, every one welcome.

Harry Anderson of Sheffield, and employed by the Endeavor Lumber Co., at Endeavor, was painfully but not seriously hurt on Monday, while loading lumber in a car here at West Hickory. He was caught between the car and the truck, and suffered several broken ribs.

Glenn White who is with the U. S. forces in Florida is spending a short furlow with his parents, Mr. and Mrs. Taylor White at this place.

Mr. and Mrs. Gilbert Hevenor

and daughter were business callers in Titusville on Saturday afternoon.

William Mooney and the Misses Esther Jones and Martha Cook were business callers in Tidoute on Friday evening.

Mr. and Mrs. Chas. Emick spent Sunday with relatives and friends at Marienville and Guitonville, Pa. Mr. Fleming and Kenneth Sigmmons were among those from here who spent Friday evening in Tidoute.

Mr. and Mrs. Guy Hunter and family were callers in Titusville on last Saturday afternoon.

Clifford Smith of Titusville, Walter Smith of this place spent Sunday with Mrs. Clifford Smith at Marienville, Pa.

L. E. Fitzgerald was a business

caller in Tionesta on last Friday forenoon.

Mr. and Mrs. Jerry Hinkle Jr. and son were business callers at East Hickory on Sunday evening. Betty Schall daughter of Mr. and Mrs. George Schall is a surgical patient in the Warren General Hospital and friends will be glad to hear she is recovering nicely. Mrs. Frank Jones is a medical patient in the Warren General Hospital, having been admitted last Thursday.

Pete Prelog was in Tionesta on last Wednesday morning for his first medical examination.

James Kagle of Oil City was a caller at the home of his parents on Tuesday.

Jack Hobitzell and Fred Arts of (Turn To Page Six)

# PLANNING TO MOVE?

Check on Electric Service Available at New Location First!

Necessary war-time restrictions by the War Production Board limit the use of certain materials for electric line extensions to your home. Your electric company is co-operating with the WPB in conserving vital war materials so that the needs of our armed forces can be met first. Here's how you can lend your co-operation and also help get the same dependable electric service you've always enjoyed:

IF YOU OWN AN ELECTRIC RANGE AND PLAN TO MOVE TO A NEW LOCATION

—Check on existing electric wiring facilities to see whether they are adequate for your needs. Consult with us to learn if ample facilities to meet all your needs can be supplied.

WHEN REQUESTING ELECTRIC SERVICE CONNECTED OR DISCONNECTED

—Under present war-time restrictions and shortages, it may not always be possible to answer your service call as promptly as in the past. By giving us several days advance notice—a week or more if possible—when requesting electric service connected or disconnected, you enable us to serve you better.

**PENNSYLVANIA ELECTRIC CO.**  
• LIGHT • HEAT • POWER

Say "YES" when you are asked to buy War Savings Stamps. Fill your War Stamp Albums this month and get War Bonds.

The intense desire to pick and scratch an itching, burning skin—Eczema, Rash, Pimples and Piles may cause serious trouble by infection or spreading the condition.

Instead, wash the affected parts with **San-Cura Soap**, and then apply Antiseptic **San-Cura Ointment**. Quickly they begin to soothe, cool and comfort the tortured skin, and tend to allay further trouble. Antiseptic **San-Cura** at all drug stores 35c, 60c, \$1.25. **San-Cura Soap** 25c.

Growers Pledge Co-operation to Increase 1943 Potato Crop

Representatives of the most important organizations interested in potato production met with the State War Board of the United States Department of Agriculture in Harrisburg, January 22, and pledged their full cooperation in effort to increase 1943 potato plantings in this State by 26 per cent.

The new 1942 potato goal is 1,000,000 acres over last year's planting, 211,000 acres compared to 7,000 acres. Last year's acreage was the total of 105,000 farms, which 94,000 had less than 3 acres in potatoes. Over half of the 42 potato acreage in this State, 1,000,000 acres, was on 11,000 farms, more than 3 acres in potatoes, according to James E. Walker, Chairman of the Pennsylvania USDA War Board, who presided at the meeting.

In addition to members of the Pennsylvania USDA War Board and the State Agricultural Conservation Committee, attending the meeting included Miles H. Priest, Secretary of Agriculture for Pennsylvania; J. M. Fry, director of Extension; E. L. Moffitt, H. Dickey, and H. N. Reist, Pennsylvania State College; M. P. Hitenight, president, C. F. G. Eusthoff, secretary and manager, H. C. McPherson, director of Pennsylvania Potato Growers' association; H. C. Petheroff, chief agricultural education; W. N. Lambers, Fred S. Bateman, J. E. Wade, Joseph Cooper, Ray F. Finch and R. L. Lee of the Farm Machinery Manufacturers and Distributors Association; W. E. Shetne, U. S. Employment Service; A. W. Manchester, director of Northeast Division, AAA.

Mr. Walker reviewed the problems faced by farmers because of shortages of farm machinery, repairs, fertilizer, and farm labor, all important factors involved in planning greater potato production. Measures were discussed to relieve the problems. A decision was reached on the number of different types of potato machines needed by farmers to produce the 211,000 acres of potatoes, and these figures are being presented immediately to the War Production Board in order to have steel allocated for such manufacture.

The new government program as explained which offers farmers a payment of 50 cents a bushel of the normal yield of the acre planted to potatoes in excess of 90 per cent of the individual farm goal, up to 110 per cent of the goal. The program will be effective on acreage planted after January 1.

Steel-framed windows first were introduced into the United States in 1907.

First transcontinental airplane flight was made in 1911 by Calbraith Rodgers.

TIMES TOPICS

RELIEF MEETING

The regular meeting of the Warren Relief Association board of directors will be held at 11 a. m. Tuesday at the YWCA activities building, followed by luncheon.

PLEDGED AT BUFFALO

According to word received today from the University of Buffalo, Raymond B. Renne, Warren student, has been pledged to Beta Chi Epsilon.

MALEO PLANS CLASS

Benjamin M. Maleo announces he will start a class in advanced first aid instruction at 7:30 Tuesday evening in the YWCA activities building. Those registering for the instruction are asked to bring triangular bandages and textbooks.

TO AID SERVICE MEN

Officials of the Struthers-Wells Company have made arrangements to aid families of men in the service in providing information regarding earnings during 1942. Any person desiring to secure such information is advised to apply at the personnel department of the company.

ASKS COOPERATION

The Veterans of Foreign Wars ask that families of any young people, boys or girls, report at the service office, 343 Pennsylvania avenue, west, the names of those who have entered the armed forces within the past few weeks. These names, to be used for the VFW Honor Roll, may be telephoned to 430.

BENEFIT GAMES

The VFW Auxiliary is sponsoring another series of games on Wednesday evening in the post rooms to benefit its fund for boys in service and purchase of service flags for homes of the community. The Auxiliary sends at least 50 boxes of candy each month to men in the armed forces, having sent 75 just a few days ago.

GAS DEFENSE CLASS

Victor VerMilley, senior gas officer for Warren county, will conduct a class for instruction about chemical warfare agents on Thursday, February 18, at the high school. The class period, from seven until nine o'clock, is for all air raid wardens, Scouts, Nurse's Aides, control center staff members or any others connected with the council of defense who have not had this instruction.

FEMALE APPRENTICE

Introduction of a female "printer's devil" into the Meadville Tribune newspaper plant at that place is being watched with interest by old-time printers. So far, they haven't sent her after paper stretchers or striped ink, although they do tease her about new hair-do's and the care she takes of her hands. The new apprentice is blonde, blue-eyed Mrs. Barbara Davis, whose husband works in a war plant.

FORMER WARRENTITES

Friends here have received word that C. Frederick Tears, graduate of Warren High School in 1936 and member of the local orchestra, was heard in the oboe position with the City Amateur Symphony on January 31 in its concert in the American Museum of Natural History building. His brother, Stuart R. Tears, also a former local student, is now a member of the Columbia University varsity swimming team. He is a second semester freshman.

ECONOMICS STUDENT

According to word received here by friends, L. W. Rakentine, the former Viola Varga, who was graduated from Warren High School in 1936 and from the Warren Hospital in 1938, is enrolled as a home economics student in Mississippi State College for Women. Mrs. Rakentine, a foster daughter of Mr. and Mrs. C. F. Tears, former Warren residents, was married last September to a sergeant in the Army Air Forces and resides in Columbus, Miss.

PAPERS BOOST PRICES

Subscription rates of 75 out of 134 daily newspapers in Pennsylvania have been raised during the last year because of increased costs, the Pennsylvania Newspaper Publishers Association announced. Reports from newspapers to PNPA showed "there were no lasting losses in circulation" as a result of increased rates. The association said "the state's newspapers are still sold at rates lower than those charged in other parts of the country." A PNPA survey showed publishers facing mounting costs of gathering war news, high cable and telegraph rates, increased taxes, higher payrolls and new expenses. Another factor listed was reduced advertising resulting from rationing and restrictions on consumer goods.

WILL SONNY SLEEP OR COUGH TONIGHT

PISO'S Soothes—Loosens Coughs Due to Colds

In 2 definite ways, modern-formula Piso's relieves night coughing caused by colds.

LOCALLY, Piso's soothing ingredients cling to the throat, quickly ease and relax irritated membranes that bring on coughing spells.

INTERNALLY, Piso's stimulates flow of normal throat secretions to loosen tight phlegm. For coughs due to colds, ask your druggist for a bottle of Piso's (pie-so's).

PISO'S 35¢

MORE GOOD NEWS FROM THE PRODUCTION FRONT

Production, Production - and More Production!

GENERAL MOTORS REPORTS ON ITS FIRST FULL YEAR OF WAR ACTIVITIES

FIRST, AN APPRECIATION . . .

While the figures and statistics shown below are impressive, they do not tell the full story. They do not show, for example, the cooperation we have had from Army and Navy officials at every step of our progress toward the record production already achieved. Nor do they indicate the fine spirit of cooperation shown by our suppliers and subcontractors, on whom we rely for so much of the work.

They cannot convey an adequate picture of the eagerness of hundreds of thousands of General Motors men and women to back the courage and determination of our fighting men with an ample supply of the most effective fighting weapons in the world. They cannot give even a hint of the initiative displayed by our engineers and mass-production technicians in effecting manufacturing economies and efficiencies which have resulted in the saving of critical war materials and manpower, and which have already made possible price reductions amounting to hundreds of millions of dollars.

These are the practical results that come from encouraging individual effort and initiative—the American way of getting the job done. Machines alone cannot win the victory—it will be won by free men working and fighting together for the only kind of future worthy of America.

Now at the beginning of 1943 these basic tasks have all been accomplished, and during their accomplishment General Motors plants made and delivered a mighty, rising tide of war materials. That tide continues to rise with mass-production technique swinging into full stride.

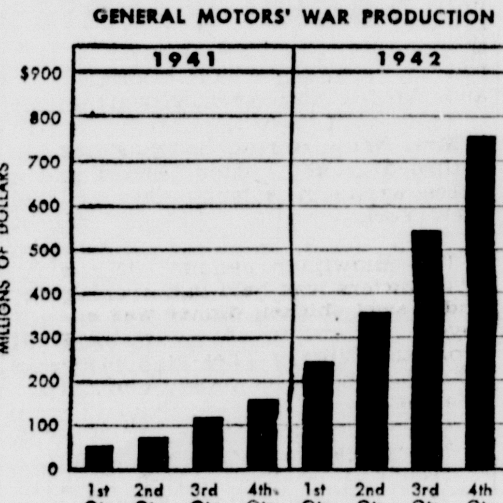

Thus General Motors answers our government's call for "Production, production—and more production!"

1940 and 1941 were years of defense production and of planning for the possibility of war. Pearl Harbor found this defense production well under way. With the declaration of war and the call for "all-out" war effort, General Motors concentrated its entire organization and all its facilities on war production.

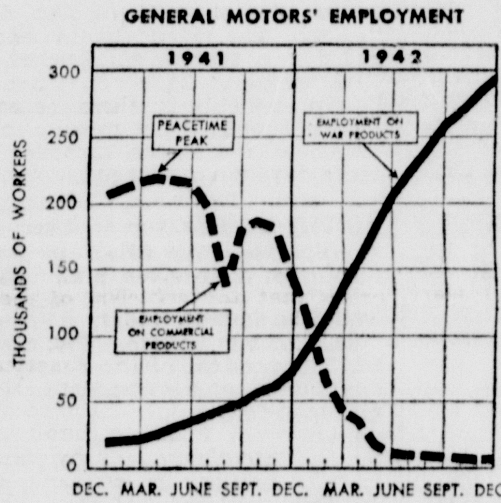

The tremendous job ahead at the threshold of 1942 called for the "know-how" of all our engineers, designers, mechanics and managers, skilled and experienced in mass production.

It required the retooling and rearranging of all our plants for maximum production of war products. It meant designing and building new machines, and tools to make them—training skilled hands to perform new tasks, and teaching the unskilled—building employment and payrolls to unprecedented peaks—organizing and enlisting the support of our network of thousands of suppliers and subcontractors. It also meant establishing and operating training schools to teach thousands of men in the armed

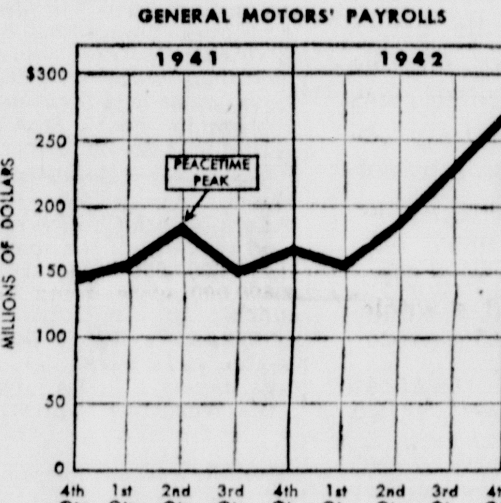

forces how to properly service and maintain General Motors-built war equipment.

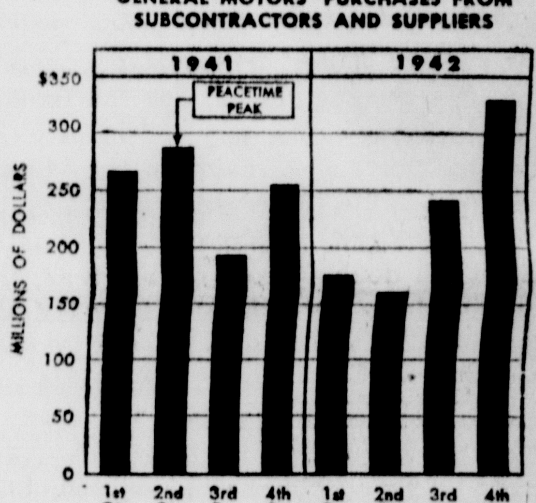

We regret that for military reasons we cannot report the number of guns, tanks, planes, shells, armored cars, trucks, Diesel engines for submarines and other uses, airplane instruments and hundreds of other items made and delivered by General Motors. We can say that in dollar value they totaled approximately \$1,900,000,000—almost two billion dollars—in the year 1942 alone.

In June 1941, factory employment was 250,000—an all-time high. Since then, 50,000 replacements have been made, largely to replace men who have gone into the armed services, and 40,000 additional employees have been hired. To the 34,000 salaried workers employed in June 1941, 12,000 have been added. At the end of 1942 General Motors' employment reached 370,000—56,000 above the previous peak. It is anticipated that 100,000 will be added.

General Motors' payrolls, like General Motors' employment figures, are at an all-time high in our plants in 46 communities and 13 states—and five plants in Canada. The December 1942 payroll was \$288,000,000. This was 45% more than the peacetime peak in June 1941. The total General Motors payroll for 1942 was \$289,000,000—28% more than in 1941—the highest previous year.

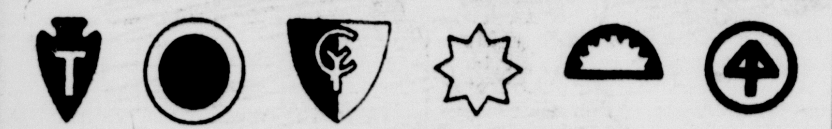

The fastest, most effective way to distribute war work among the greatest number of producers is primarily through larger industrial organizations who have technical staffs available and who are accustomed to working with suppliers and subcontractors. Purchases from subcontractors and suppliers in the fourth quarter of 1942 were \$330,000,000, compared with the peacetime peak of \$285,000,000 in the second quarter of 1941.

NOTICE

IN THE COURT OF COMMON PLEAS OF WARREN COUNTY, PENNSYLVANIA, SITTING IN EQUITY.

No. 20 December Term, 1942. ALBERT STEINBERG, Trustee in Bankruptcy of the Estate of PENN-FIELD, INCORPORATED, Plaintiff

VS.

VICTOR R. FRITZ and JEANNETTE H. WILLIAMS as joint tenants, with right of survivorship and not as tenants in common; GEORGE G. MCLELLAN; KATHLEEN COWI; S. G. GILLESPIE MAGEE and RUTH HEATHER MAGEE as joint tenants with right of survivorship and not as tenants in common; MARY S. THOMPSON; ELIZABETH B. LINDSAY; GRACE D. SNYDER; BERTIE F. MERRICK; RICHARD T. MARVIN; JENNIE E. HEILHECKER; GERTRUDE S. HARVEY; EDWARD D. EVANS and MARQUETTE EVANS JOHNSON as joint tenants with right of survivorship and not as tenants in common; MARY CUMMINGS; M. THERESA AUSTIN; ELIZABETH A. CURTIN; JOHN L. WILLIAMS and PEARL WILLIAMS; CHARLES E. HARVEY; CARRIE E. STECKMAN; ACOB PUNK; MINNIE GOLD; NORA E. LEITZELL; JENNE M. SANDS; JULIA WALTHER; BOYD M. MILLER and ANNA Z. MILLER; MARY R. RAY, Defendants.

To the above named Defendants, their heirs, devisees, executors, administrators or assigns:

PLEASE TAKE NOTICE: That Albert Steinberg, Trustee in Bankruptcy of the Estate of Penn-Field, Incorporated, did file his Bill in Equity at the above court term and number praying for a decree in partition of ALL THAT CERTAIN piece or parcel of land situate in Southwest Township, County of Warren, State of Pennsylvania, bounded and described as follows: Commencing at the northwest

corner of Tract 151 as laid out on a map of the Holland Land Company survey; thence by Tract 150 of said survey easterly 1127 feet to a point; thence by land of Nelson Parcel south 99 perches to a post; thence by land now or formerly of Brewer Water & Company west 1127 feet to a post in the west line of the tract; thence along said line 99 perches to the place of beginning, containing 40 acres of land more or less.

TOGETHER with all and singular all the oil and gas wells now on the above described premises and the engines, powers, machinery, buildings, tanks, pipe lines, pull and sucker rods, tools, fittings, oil well supplies and all other accessories used and useful in the operation for oil and gas. Said Bill in Equity further averred that the above named defendants owned undivided interests in various proportions in and to the aforementioned tract as is more fully set forth in said Bill and that the Plaintiff and the Defendants hold said realty undivided as tenants in common and that, of right, the complainant is entitled to a partition thereof.

That on January 28, 1943, he filed his petition with the said court setting forth that personal service had been made on all of the above named Defendants with the exception of VICTOR R. FRITZ, MARY S. THOMPSON, G. GILLESPIE MAGEE, EDWARD D. EVANS, RICHARD T. MARVIN, JENNIE M. SANDS, CARRIE E. STECKMAN, JOHN L. WILLIAMS and PEARL WILLIAMS and that by reason of the difficulty in obtaining service upon all defendants he prayed that an Order might be made directing service of process on all said defendants or an Order similar to the requirements of such process by publication, according to the provisions of the acts of the General Assembly in such case made and provided; and that the court might proceed in due course to hear and determine the Bill of complaint filed by the Plaintiff.

Whereupon the said Court made the following decree:

"AND NOW, to-wit: this 28th day of January, A. D. 1943, it appearing by affidavit to the satisfaction of the Court that the defendants, VICTOR R. FRITZ, MARY S. THOMPSON, G. GILLESPIE MAGEE, EDWARD D. EVANS, RICHARD T. MARVIN, JENNIE M. SANDS, CARRIE E. STECKMAN, JOHN L. WILLIAMS and PEARL WILLIAMS cannot, upon diligent inquiry, be found so as to be personally served with process, and it further appearing to the satisfaction of the Court that special circumstances exist in which service by publication would be more feasible upon all defendants, upon motion by WILLIAM GLASSMAN, Solicitor for Plaintiff, it is

"ORDERED and DECREED that the bill of complaint be served on all defendants by publication in the manner prescribed by law once a week for three successive weeks in the Warren Times-Mirror, a newspaper published in the County of Warren, Pennsylvania; that in default of an appearance by any parties within fifteen days after the last publication, the Bill may be taken pro confesso; and that any further process, rule, notice, order, motion by WILLIAM GLASSMAN, Solicitor for Plaintiff, it is

"BY THE COURT ATTEST: ADDISON WHITE, Pro." This is therefore to notify each and every one of the above named defendants, their heirs, devisees, executors, administrators or assigns that you are hereby required in accordance with the aforementioned decree, to enter a written appearance to the term and number stated herein in the office of the Prothonotary of the Court of Common Pleas of Warren County, Pennsylvania, within fifteen days after the last date of the publication of this notice, namely: February 15, 1943, specifying therein a

person and place within said County where any papers, process and notice may be served upon you; and within thirty days after such service you are required to make a full and complete Answer, under oath to each and every of the averments of this Bill. If you fail in either respect, the Bill may be taken pro confesso and a decree made against you in your absence. WILLIAM GLASSMAN, Solicitor for Plaintiff. Feb. 1-8-15-3t

## Eleanor MacDonald Is Bride On Saturday

Miss Eleanor Brands MacDonald, daughter of Mrs. Alden E. MacDonald, of New York City and formerly of Warren, and the late Dr. MacDonald, was married Saturday afternoon to Ensign William Alden Jones, U. S. N. R., son of Mr. and Mrs. Gordon Blaggett Jones, of Swarthmore.

The ceremony was performed at Mrs. MacDonald's apartment at 38 West 53rd street, New York City, by Rev. James A. Paul, of the Holy Trinity Episcopal church, with only the family present. A small reception followed.

Miss Jean MacDonald was her sister's only attendant and John Belding was best man.

The bride attended Wildcliffe Junior College, the National Academy of Design and the MacDowell School. Ensign Jones is a graduate of Swarthmore College and was employed by the American Cyanamid Company at the time of his enlistment. At present he is stationed at Dahlgren, Va.

Out of town guests besides the bridegroom's immediate family were Pvt. Alden B. MacDonald, who is at officer training school at Quantico, Va.; Miss Margaret Cameron, Mrs. Miner Cray, Northport, Long Island; Mr. and Mrs. John Belding, Stamford, Conn.; Mr. W. H. Short, aunt of the bride, Youngville; Miss Gene Alden Walker, Miss Marion Sanford, Harry W. Schmidt, Jr., New York and Warren; Mr. and Mrs. J. W. A. Luce, Warren.

## Society

### Box Office Opening For Players' Show

The Warren Players announce the opening of box office for "Arise, O Old Lace" on Tuesday and theatre-goers may call in person or telephone 776 for reservations.

The box office, located at the Woman's Club, will maintain the following schedule: Tuesday, 7 until 9 p. m.; Wednesday, 11 a. m. to 9 p. m.; Thursday and Friday, from 11 a. m. until curtain time. Those who wish to see this entertaining show are urged to make their reservations early. The word has gone out that it's going to be another Players' hit, so no one will want to miss it.

### Social Events

**FOR LEROY FLADRY**  
Leroy Fladry, son of Mr. and Mrs. Edward Fladry, Warren RD 2, who left Friday morning for the armed forces reception center, was honored guest Thursday evening at a farewell party given at his home by his parents, friends and relatives.

Those present were Martin Carlson, Jr., who also left on Friday morning; Bob Carlson, Richard Wenzel, Jim Lucas, Junior Gebhart, Laurel Schuler, Chris Anderson, John Ellis, "Stub" Parker, Charles Burton, Mr. and Mrs. Freeman Fladry, Mr. and Mrs. Howard Carlson, Mr. and Mrs. William Fladry and daughter, Mr. and Mrs. Paul Groch and son, Mrs. Gertrude Lindsey and the Fladry family.

Music for the occasion was furnished by Martha Carlson, Jr., Bob Carlson, Laurel Schuler and Paul Groch and at midnight lunch was served and the honored guest was presented a gift and a purse of money. The young man was the recipient also of a gift presented him by the Warren Axe and Tool Company and employees.

**TRUTH SEEKERS**  
Truth Seekers of Grace Methodist church will hold their regular meeting Tuesday evening and are privileged to bring guests for the 6:15 dinner to be served in the dining room of the church. Each one attending is asked to bring a tureen, sandwiches, table service and 25 cents. The January and February finance committees will be in charge.

**I. T. CLASS MEETING**  
Mrs. Raymond Johnson Mrs. Clarence Heald and Mrs. Harry Graustuit will entertain members of the I. T. Class of Epworth Methodist church Tuesday evening at the home of Mrs. Johnson 108 Alexander street. Mrs. Andrew Thompson will be in charge of the program and a large attendance is hoped for.

**MOTHER-DAUGHTER EVENT IS PLANNED**  
The Girl Reserve Mothers' Club of the YWCA has planned a mother and daughter tureen supper for six o'clock Wednesday evening in the activities building. All attending are asked to bring tureens, buttered rolls and table service.

**GIRL SCOUT COUNCIL**  
Warren County Girl Scout Council members will hold their regular meeting at the YWCA activities building at 3:30 p. m. Tuesday, postponed from the usual hour because of other activities.

**GOODWILL CLASS**  
Mrs. Lewis Arner will be hostess and Mrs. George Pierce the chairman for the regular meeting of Grace Methodist Goodwill Class members Tuesday evening. The session will be held in the Winger room.

**BPW MEETING**  
Following dinner at six o'clock this evening at the YWCA activities building, BPW members will have a health program with Miss Mildred Vansickel, of Warren State Hospital staff, as the speaker.

**CATHOLIC DAUGHTERS**  
Catholic Daughters of America will have a social time following their regular business meeting at eight o'clock this evening at the Philomel Club.

**WOMEN OF MOOSE**  
Warren Chapter, Women of the Moose, will hold a special meeting at seven o'clock this evening at the Temple on Hickory street, followed by a series of games to which the public is invited.

**P. T. A. News**  
**FARMINGTON UNIT**  
An interesting meeting of the Farmington PTA will be held tomorrow night at the Lander school house with Miss Arlene Schure, home economics teacher, speaking and showing pictures.

**ANSWERS TO ARMY CROSSWORD QUIZ**

**PHILOMEL CLUB**  
Members of the Philomel Club will have the pleasure at their next meeting on Wednesday of hearing a new song by Edith Haines Kuester, who has found inspiration for it in the poem "The Survivors" by Warren's own William H. Wright. Mrs. William E. Yeager's fine voice is especially adapted to bring to the number the dramatic quality of both words and music.

**LEGION AUXILIARY**  
American Legion Auxiliary members are reminded of the tureen dinner-meeting to be held in the Legion Home Tuesday evening and are requested to bring their tureens. Table service will be furnished for the dinner, which will be followed by business and an Americanism program.

### Snow--For Spring

(From DePinna, New York)  
SNOW white appears as a spring forecast in this charmingly simple woolen frock. The only decoration is in the shoulder sprays of bronze-colored embroidery, whose tints are repeated in the bronze leather pumps.

### Social Events

**GRACE WSCS MEETS**  
Grace Methodist WSCS members held their regular meeting in the Winger room, with devotions by Mrs. W. J. Summerton and a brief meeting conducted by the president, Mrs. Robert Young. Mrs. Jessie Baintown introduced Mrs. C. C. Davis, of Union City, who as Erie Conference WSCS president, gave an inspiring talk on its work, stressing the spiritual side of the program and the great need for unity among churches.

To conclude, refreshments were served by the chairman Mrs. M. E. Mook and Mrs. James Palmer, assisted by Mrs. Emil Johnson. Mrs. Harold Knappenberger, Mrs. O. D. Jolley, Mrs. Charles Nelson, Mrs. Walter Eaton, Mrs. Emma Klinebar, Mrs. Ella Thompson, Miss Elizabeth Firth, Miss Edith Langdale, Miss Grayce Jolley.

**DAR LUNCHEON**  
MARKS ANNIVERSARY  
DAR members are reminded that they must have reservations no later than Tuesday noon if they wish to attend the one o'clock luncheon-meeting at the YWCA activities building on Thursday. These are to be made by calling the chairman, Mrs. W. R. Carlin, 1446, or the regent, Mrs. Leon Laskaris, 2407. The luncheon, which will be followed by a patriotic presentation by Miss Anna Louise Kahl and a group of high school students, marks the 32nd anniversary of the General Joseph Warren Chapter.

**NURSE'S AIDE PARTY**  
The recently capped Nurse's Aides known as the Vera Martinale Class, with their instructor, Miss Martindale were guests of the Pioneer Class of aides at the home of the Pioneer president, Mrs. William Schellhammer, 600 Market street.

Refreshments were served from an attractive table at which Mrs. Perry McDannell and Mrs. F. L. Plummer, president of the second class, presided. Serving on the committee were Mrs. Schellhammer were Mrs. William Rudolph and Mrs. Sheridan Brown.

**SHOWER FOR BRIDE**  
Mrs. Robert Hansen, the former Beatrice Rossmann, was honored guest Saturday for a luncheon-miscellaneous shower given by Mrs. Merle Minich at her home in North Warren. Places were set for the following at a table attractive in Valentine appointments:

The Misses Harriet Barnes, Dean Rossmann, Ann Cardman, Helen Smosna, June Hunzinger, Mrs. Rose Fadale, Mrs. Ellen Carr, Mrs. Ella Hoagvall, Mrs. Frances Sandstrom, the honored guest and hostess.

**FOR MARY CERANDO**  
Mrs. James Myers was hostess to 40 guests at her home at a shower party which honored her sister, Miss Mary Cerando, soon to become the bride of Charles J. DeMarco of Jamestown, N. Y.

The time was pleasantly spent with games, prizes going to Miss Jennie Muscare, Miss Alvida Lucia, Mrs. Helen Massa. A luncheon which followed was served from a table attractively done in a Valentine thought.

**WBA BIRTHDAY PARTY**  
Review No. 4, WBA, had a large attendance for the party given January and February birthdays members in the S. F. of A. hall. Those honored were Mrs. Katie Anderson, Mrs. Rose Kinkade, Mrs. Louise Lawson, Mrs. Lela Lawson, Mrs. Frances Rogers, Mrs. Blanche McDonald.

## Dramatic Club Has Invitation To Give Repeat Performance

The Warren High School Dramatic Club will repeat its "Evening of Plays" program at 8:15 p. m. Tuesday in the North Warren Presbyterian church, and those who had the pleasure of attending the performance given here in the high school auditorium promise an evening of entertainment well worthwhile.

Seen in the casts of three amusing offerings were the following club members, capably directed by Miss Anna Louise Kahl: Laverne Peterson, Marcia Baxter, Gloria Genge, Edwin Bell, Betty Rapp, LeRoy Peck, Lorraine Edquist, Cynthia Johnston, Marion Kandler, Dick Davis, Ed Korb, Peggy Hasslett, Allen Langhans, Harold Knappenberger, Gloria Hausman, Gretchen Hilburn, Ed Peterson, Anna Nichols, Norman Shoaff, Dorothy Ann Harris, Melba Olsen, Virginia Frederickson and Anne Harrington.

Pupils from the music department were directed and assisted by Carroll A. Fowler for special between-the-acts selections which added greatly to the evening's bill of fare.

### TIMES TOPICS

**PRISONER OF JAPS**  
Staff Sergeant Thomas Mason, Jr., of Irvine, is officially reported to be held as a prisoner by the Japs.

**INITIAL SERMON**  
A good sized audience turned out Sunday morning in the First Methodist church to hear Rev. Wayne Furman preach his first sermon as pastor of the congregation. He chose a theme which dealt with democracy for his initial address.

**TIES ON FIRE**  
At 8:26 Saturday evening Engine Co. No. 2 and the Emergency Truck were called to the old Valvoline Refinery where a burning tie pile was threatening to spread fire. The wind was carrying the sparks high in the air over the neighborhood.

**SMALL BLAZE, BIG WHISTLE**  
A small fire at Hygia Hall at the North Warren State Hospital Sunday afternoon was quickly extinguished before any damage was done. In the sounding of the fire alarm the whistle stuck and blew loud and loud. It was heard over a great distance and caused much speculation.

**SCHOOLMEN RETURN**  
A number of school representatives from the borough and county returned Saturday from the annual conventions of state school directors and secretaries. Included in the list were M. G. Keller and H. M. Mohr, of the borough school board; County Superintendent H. L. Blair and his assistant, W. J. Summerton; R. N. Summerton, of Tidouite; Charles Knapp and Albert DeVore, Glade township.

**NAMED TO RATION BOARD**  
At the meeting of the Warren County Council of Defense held Friday afternoon Mrs. Eleanor Conarro was named to the ration board. Mrs. Conarro is head of the Consumers Division of the Council of Defense and her new post will be an extension of the work she is already doing. It was also announced that the Control Center will not be operated 24 hours each day but only from 7 to 11 each evening. There were 12 members present and a number of questions were discussed.

**CARS IN MIX-UP**  
Two automobiles and a truck engaged in a mix-up in front of the Times office Saturday afternoon. The truck was operated by Isidor August, 4375 Grace Ave., New York and the cars were operated by LeRoy B. French, Tiona and by Anne C. Mauder, who gave the address of 108 Morrison street. In the crash Anne Mauder sustained a cracked rib and Francis Dalvete, of Bradford, a passenger in one of the cars had his shoulder blade injured.

**PILOT IS DOWNED**  
Goodwill Hill district had a bit of excitement on Saturday when Earl C. Ewert, of the Civil Air Patrol, shot of Kennore, N. Y., was forced down by ice formation on the wings of his plane. Although the field he chose for his forced landing was small and the landing hazardous, he brought the machine down without scratch or mishap. The pilot continued his trip to Buffalo by bus and will return for the plane when weather conditions permit.

**REPORTS ARE IN**  
Final reports were returned Saturday by those taking the community religious census and compilation of the information has already begun. The few homes not visited will be contacted within the next few days, it is stated. A meeting of the executive committee of the Warren Religious Council and the census committee chairman has been called for seven o'clock Tuesday evening at the YWCA activities building when plans will be made for analysis and distribution of the census facts.

**BLANCHE MCALEY**  
The funeral of Miss Blanche McAuley, of Tidouite and St. Petersburg, Fla., was held Saturday afternoon at 2:30 o'clock at the Sage Funeral Home in Tidouite. Rev. W. J. Prout, Presbyterian pastor, officiating. Interment was made in Tidouite cemetery with the following as bearers: R. L. Peterson, L. B. Magill, H. R. Hawkey, A. E. Merkle, George Atkin and G. B. King.

Attending the rites from away were Mr. and Mrs. Klare Derocher, Parkers Landing; Mrs. Chester Hull, from New Jersey.

**KATHERINE A. REGAN**  
Mrs. Katherine Alice Regan, of Erie, passed away this morning at the home of her daughter, Mrs. William Wehner, 118 East Fifth avenue. Besides her daughter, she leaves three grandchildren.

The funeral party will leave this evening by train for Horning, N. Y., where the funeral will be held Wednesday at the convenience of the family.

**WILLIAM D. BUCKLIN**  
William D. Bucklin, formerly of Warren, passed away Sunday at his home in Sharon, leaving one sister, Miss Lura Bucklin, a resident at the Watson Home here.

The funeral party will arrive at the Watson Home here.

## Obituary

**MRS. MEDORA MEACHAM**  
Funeral services were held at three o'clock Friday afternoon at Trinity Memorial Episcopal church for its oldest member, Mrs. Medora Meacham, the rector, Rev. E. P. Wroth, officiating. In addition to the regular Episcopal burial service, Mr. Wroth read a fitting poem, "A Message From Paradise" at the grave in Oakland cemetery. He read another beautiful poem, "On the Death of An Aged Friend" by Roselle Mercer Montgomery, and a hymn, "Now the Laborer's Task Is O'er".

Those who acted as bearers were George D. Todd, E. W. Johnson, R. W. Mackay, E. M. Branch, L. A. Branch and Ed C. Lowrey. Honorary bearers were E. W. Garrison, W. A. Walker, K. M. Andrews, Spencer L. Myer, Allen Langhans, Dr. E. S. Gibb, J. A. Rockwell and C. W. Beckley.

Attending from away were Mrs. Emil Meacham, of Alexandria, Va.; Mr. and Mrs. H. O. Wheelock, Franklin.

**WILLIAM EDWARD KIMBLE**  
Funeral services were held at 2:30 this afternoon at the home of Mr. and Mrs. R. N. Summerton at Tidouite for Mrs. Summerton's brother, William Edward Kimble, aged 40, who died early Saturday morning in Corry. Rev. H. M. Stevenson, Methodist minister, officiated and interment was made in Tidouite cemetery.

Mr. Kimble, born in Kinzua, had resided in and about Tidouite all his lifetime until he went to work at the Aero Supply Company plant in Corry about a year ago. He was taken ill at work on Friday and removed to the Corry Hospital. Besides Mrs. Summerton, he leaves four sisters, all in Tidouite.

**F. V. CONARRO**  
Funeral services in memory of F. V. Conarro were held from the family home, 300 Crescent Park, at three o'clock Saturday afternoon, in charge of Dr. H. C. Warren, First Presbyterian minister. Bearers for interment in Oakland cemetery were W. C. Stille, Henry Sandblake, Donald E. Schuler, O. E. Loper, Andrew Slatry and George Seavy.

Here from out of town to attend the rites were Mr. and Mrs. Stephen Stillwell, Mrs. C. W. Stillwell, Lakewood, N. Y.; Edward Staples, Falconer, N. Y.; Mr. and Mrs. Ray Reynolds, Jamestown, N. Y.

# Bradford Owls Offer Dragons Stinging Defeat At 42-17

## Locals Suffer Loss Of Dean Nelson For 43's Second Defeat

Warren High's Dragons operating from a streak of eight straight wins suddenly lost the stuff that enabled them to do it, Friday night and went down in a stinging defeat before the mighty Bradford Owls of McKean county by a 42 to 17 count.

Playing their first game together, the practically new Dragon five worked from a shifting zone and for the first few minutes of play had the Owls on even terms as neither could penetrate the other's defenses. Not until Hal Witton of Bradford took a long pop over the center and connected, was the ice broken and even then no apparent superiority was shown. Held close by Referee Hoffman the two teams were getting away with absolutely nothing and Dudy Frislin, versatile Bradford forward was the only other Owl to connect from the field during the session, which was a battle of foul shots as the contest goes. Dick Finley, playing a steady type of ball had connected from the free stripe, which at that time was thought to be the starting of Warren, but suddenly Dean Nelson came up from a pile of players, after a fast breaking play in his own territory and had a limp that couldn't be taken care of. Right in the first quarter the locals had lost their high scoring ace and things began to look black as the period ended at 7 to 1 favor of Bradford.

Operating at a handicap without the services of Nelson, Frislin, Witton, Mangell, Heintzinger and Walker stuck from their field for two-pointers in the second stanza and to top it off as if things weren't tough enough, Charley Hubbs of the locals, went out with the same type of injury that Nelson had suffered, and Warren found themselves on the tail end of a 20 to 1 count at half-time as all Warren shots went amiss and trouble had finally hit the conquering Dragons.

The second half started with Hubbs coming back in and Nelson and Walker on the sidelines with a bad knee. But the locals weren't to be fooled with that third session and Charley Hubbs, playing masterful ball, helped by Dick Finley really went hot and with sharpshooting being taken care of by Chuck McLean and "Sport" Stanton who shared three field points between them, Hubbs' two foul counters and McLean's two from the same stripe scored practically even with the Owls hitting 11 points while they garnered 11. Playing hard and taking advantage of every break the Dragons looked plenty good this quarter, showing what might be a premier to future battles, after the Owls. Still holding down the mighty Dudy Frislin to two buckets while Peckham and Mangell tallied once, this quarter was by far the best of the tit although the task laid out for the locals already was hopeless, ending with the Owls leading and shoulders in the lead with 31 points to Warren's 11.

The fourth quarter was near repetition of the first and second as the locals continued to be beset by bad breaks and Charley Hubbs took the count early with his bad leg being "pulled" again. Still the Owls were not off to any big scoring spree and although the Dragons operated that fourth with only Finley and Peterson as former players who had seen varsity action, the Owls to eleven points and made six themselves with mostly second team men in there who had seen little, if any,

## FAST GAMES ON "Y" GYM FOR TONIGHT

The Monday night "Y" league has two good offerings on tap for local basketball fans to witness tonight when the Rock Cleaners and Blomquist collide for the second time. The Rocks, holding down second slot on the percentage lists are fighting hard for the first half title race and are determined to keep up their present clip to maintain the lead with their Blomquist meeting, which will undoubtedly split victory or defeat to them.

The other tilt will be a clash between the "jinxed" team, Struthers-Wells, and the Butter-Krusters which should be a fast one. The Bloms, recently winners of the Saturday night first half title are trying to hold up their lead of the first division and it looks as though the Rocks or Struthers are the only teams able to lift it from them. The Rocks play the Blomquist at 8:00 and the Butter-Krusters meet the Struthers at 9:00.

## Covering The Sports Front

—WITH—  
"BOB" JOHNSON

Baseball, now well over the century mark as age has it and firmly embedded in most America's souls, has several plays back in the day when the game was young, and its embryonic stages in Warren's history bring out some of the interesting happenings that some will remember and others are content to take or leave as the old days are recalled.

Charles Conarro, a lifelong citizen of Warren and a firm believer in the nation's favorite pastime as an ardent follower of the four-base contest used to play a good brand of ball under the banners of Warren back about 1880—Fans who have seen both play say that his control was as good as "Pike" Peterson's, who happened to be here at the same time the other day. And "Pike" had it too!

One of his favorite stories is about the game with Tionesta when the down-river boys stacked their team with an out of town battery against Charley's will and he warned them against it. They put up a hundred leaves for the crack players to come for the game—in fact it was a double-header.

Warren immediately upon hearing it gained the services of Whinnery from Erie to take the day's assignment. This Whinnery was wild as they came and had to be taken out in the third inning, whereupon Charley was asked to go in and with a big lead already up against them. He pitched masterful ball and held Tionesta scoreless with Whinnery catching a couple of seemingly impossible snafus out in center field to help him in the win.

The second game, Whinnery was sent in again and he continued his wild streak but Charley made his Warren team leave him in and finally after Tionesta looked good to take the second game, he settled down and never gave up a hit after the third inning and Charley took over at shortstop to assist him in winning.

Charley Conarro after the game queried Mr. Davis, head of the Tionesta team "don't you wish you had listened to me?" and Davis just nodded envisioning the lost \$100. Yes, there are a lot of people who remember this Conarro as a pitcher. He is of a small stature, but they say he had control down so pat that all he had to depend on was a good curve and mix it up with a floater once in a while. He also told of games down here when the betting would get heavy and finally just before game-time the stake holders would bet the stakes.

He told also of Honus Wagner, playing in the old Iron and Oil League, who needs no introduction to the old Iron and Oil League. How he used to pick up hot grounders so fast that he'd throw dirt and all while fans watched for the ball which would always shoot out of the mass of grey ozone and right true to its mark every time—and of such players as Harry Smith, John Hull, Vickery, Jack Morrison, and Rickert, the latter one of the best arms ever seen in this vicinity. He could wheel that horsehide from deep left, right to the plate every time. Charley also tells of breaking his arm on a drop curve he threw after having two strikes on a man and pitching even better after it had healed—also that he would pitch nine innings of ball then ride in on an open wagon and never had any arm trouble outside of his once...

## ST. JOSEPH'S ACE TEAM TO PLAY GARDEN

(By the Associated Press)

Pennsylvania College basketball gets its chance to hit the national headlines tonight (Monday) when Duquesne and Philadelphia St. Joseph's invade New York's Madison Square Garden to battle Long Island and Brooklyn St. John's.

The same goes for big, blond George Senesky, of Mahony City, ace forward for St. Joseph's. Senesky, who made the Associated Press All-Pennsylvania quintet a year ago, is even better this winter. His ability at pouring in baskets, his passing and general all-around floor work has brought him national attention. His appearance will be the first in the Garden this season. In St. Joseph's last game he scored 44 points on 21 field goals and two free throws.

Duquesne gets a chance to bounce back after losing to Geneva, 51 to 48, in one of several upsets that marked play on the hardwood floors in the state on Saturday night.

Other reversals of dope included Villanova's 71 to 56 lacing at the hands of Manhattan Beach Coast Guard, Villanova's first defeat of the season; Westminster's 47-38 victory over Pitt that snapped the Panthers' seven-game winning streak; and Moravian's 49-28 win over Aberdeen Proving Ground.

Penn. East Stroudsburg and Allegheny kept on winning, however. The Quakers chalked up their 10th straight against Cornell, 42-35, while East Stroudsburg humbled Lock Haven, 64-28, and Allegheny defeated Alfred 47-43.

A Temple and LaSalle nearly upset West Virginia and Western Kentucky, respectively. Albright came from behind in the second half to beat Bucknell while Muhlenberg had things easy with Franklin-Marshall.

Lebanon Valley made it four in a row by licking Lehigh while Scranton had no trouble walloping Brooklyn College.

Meantime Edinboro became the sixth Pennsylvania school to drop basketball for the duration.

## PARK'S 13 POINTS WINS FOR RUSSELL

The Russell alumni took an easy tilt from the Lander High bunch over the weekend by a 21 to 12 score. Parks of the Russell bunch was "hot" with a brilliant showing of 13 pointers out of a possible 21 to lead his team to victory over their traditional rivals.

Lander	FG	FP	FT	TP
Falconer	0	2	4	0
Ludwick	0	0	0	0
Baron	0	0	0	0
Lindell	0	0	0	0
Stanton	0	0	0	0
Total	0	2	4	0

Russell	FG	FP	FT	TP
Akeley, f	1	2	7	0
Parks, f	1	6	13	0
Kane, c	0	0	0	0
Safford, g	0	0	0	0
Walker, g	0	0	0	0
Total	1	8	27	0

Total 21 12

## GREENLUND-WHITESHOT TAKE ELKS TOURNEY

"Buck" Whiteshot and Charley Greenlund clipped a total of 216 for high games in the doubles matches and first place for the "gravy" on Sunday afternoon at the local Elks Club. Each hit the headpin so regularly that if the games had been regular bowling the Whiteshot total would have been close to 280. Buck clipped a single 116 game out of a possible 120 to take high single honors.

Rex Hand and Cully Patchen went together and came out second with a 219 total and second prize. Harold Swanson had the "booby" prize cornered all through the day with his 20 game and teamed himself with his brother to make it unanimous at a new low total for the headpin classic at 137. 189 games were rolled during the weekend and the success event is credited to Myron Check, who was chairman.

## Last Night's Bouts

(By the Associated Press)

Detroit—Jake Lamotta, 160½, New York, outpointed Ray (Sugar) Robinson, 144½, New York (10).

New York—Beau Jack, 137½, Augusta, Ga., outpointed Fritz Zivic, 145½, Pittsburgh, Pa., 147, Philadelphia—Mayon Radio, 147, Philadelphia, knocked out Young Kid Robinson, 155, Des Moines (4).

Tampa, Fla.—Sgt. Tommy Gomez, Tampa and U. S. army, stopped Claudio Vilar, 203, Barcelona, Spain (3).

Boston—Henry Chmielewski, 171, Portland, Me., outpointed Johnny Seaman, 164, Quincy, Mass. (10).

Hollywood—Rodolfo Ramirez, 146½, Mexico City, outpointed Jimmy Garrison, 146½, Kansas City (10).

Sunday: Mens doubles at 2:00. Open bowling at 3:00 p. m.

## Newsmaids Break Two Records

The Newsmaids came back into their stride last night with 2343 for a new Womens City league record that increased their lead by three more points. Their record score was made possible by the 361 of Red Walsh, also a new high, and a 238 game by Rose Juliano. The three-point win over Brown's Boot Shop showed that team back into a tie with LaVogue's Salon, though Thomas's total of 516, which won three from the New Process.

In other matches the Kinnears copped three from Charm House, and the Printz girls were good for three from the Harriet-Bjert. Rita Retzer's 482 was largely responsible for Printz's win.

MacDonald, bowling for the Process, turned in the difficult 6-10 split and Ebel duplicated the same only it was on the other side, the 4-7 split.

Standings	W.	L.	Pct.
Newsmaids	52	20	.722
Browns Boot Shop	40	20	.556
LaVogues Salon	40	32	.556
Kinnears	39	33	.542
Charm House	33	43	.435
New Process	30	43	.417
Harriet-Bjert	29	43	.403
Printz Co.	25	47	.347

## Bloms Conquer Irish While Rocks Are 3rd For First Half Title

on a local gym this year and only parallel by the Warren-Vincent first half title race will go down as the best battle for the championship seen in years.

The first tilt was as near to being the same as the second that it looks as though they were patterned. Neither the Rocks or the Struthers relishing the idea of cellular conquerors, the two outfits battled hard for a win and it ended with the Rock Cleaners taking the 43 to 33 count.

"Tink" Wolfe, former Dragon star, led the assault which was the oddest scoring seen in a long time by racking up four field goals and seven fouls for his fifteen pointers and Bud Samuelson had the same number. Founding each other's defenses hard, the first quarter was fast and furious with Bobby Chase and Tink having a scoring (Time to Page Ten)

Before a capacity crowd Saturday night on the "Y" floor, the mighty Sheffield O'Connors dropped a close one to the Blomquist Furniture five and the North Warren quint takes all first half honors with their streak of five wins against one loss, finishing up the 33 to 30 win.

Not once gaining control of the score after the starting whistle, the Sheffield quint was always so close to the Bloms that it was anybody's game all through the heated fray. Led by Bob Lundquist and Johnny Pick, the Furniture opened up a barrage of point getting right from the starter and McAvoy and Sanford of Sheffield followed close to their heels, scoring as regularly to keep the game out of the bag for the entire four quarters.

Outstanding board work by Bob Fitch of Sheffield was only matched by Bob Lundquist and Jim Urbanski looking up their end of the game. The first quarter ended with the Blomquists holding a slight 12 to 10 advantage. Starting off the second stanza, Sheffield folded up momentarily and were outscored 10 to 5, but right after the half started the reins broke loose for the mighty Irish and they started a barrage of point getting that wound up the third session with a scoring 9 to 9 for the period accelerated their breaking through the North Warren defenses by stringing up 6 pointers to the North Warren quint's 2 for the fourth session and bringing themselves to within three points of the Furniture as the game ended.

McAvoy, Sanford and Fitch did nice work all through the tilt while the Bloms matched Fitch's board ability with Lundquist and Urbanski taking part and Louis Check keeping pace with everything the Irish could offer by his aggressive play.

Probably the most exciting game

The Culbertsons, first half champs, ran afoul of some hot competition Friday night and dropped all four points to the Ericksons who ran up 2684 points.

Get Howell's 578 and Howie Lauffenberger's 537 paved the way for the Erickson win, with Marshall Marshall, Dr. Anderson and Dr. Verg backing them up. Bill Lutz and Fritz Kieshauser rolled 538 for the losers, with Captain Culbertson adding 532.

Honor roll scores were Lauffenberger's 205, Verg's 202, Culbertson's 211 and Kieshauser's 201.

Ericksons 874 909 901-2684  
Culbertsons 801 891 854-2546

Standings  
W. L. Pct.  
Ericksons 7 1 .875  
MacDonalds 6 2 .750  
Petithones 6 2 .750  
Logans 4 4 .500  
Trevenens 4 4 .500  
Bjers 2 6 .250  
Reeds 1 7 .125

By MRS. ALEXANDER GEORGE

## Boost Breakfasts

It is very important that the production army on the home front is well fed—so plan nourishing breakfasts.

### Breakfast Menu

Grapefruit  
Cooked Cereal and Milk  
Scrambled Eggs  
Browned Sausages  
Griddle Cakes (Optional)  
Coffee for Adults  
Cocoa for Children

### Luncheon Menu

Vegetable Soup      Crackers  
Dill Pickles  
Canned Fruit Sauce  
Ginger Cookies  
Milk

### Dinner Menu

Boston Baked Beans  
Buttered Spinach  
Steamed Brown Bread  
Margarine or Butter  
Vegetable Salad  
Tea

### Boston Baked Beans

4 cups dried beans  
1/2 pound salt  
1 teaspoon salt  
1/4 cup melasses  
1/4 cup paprika  
2 tablespoons  
chopped onion  
1/4 teaspoon dry  
herb  
1/4 cup melasses

Thoroughly wash the beans. Soak in 4 cups water over night. In the morning add 2 more cups water and cook, covered until beans are tender. This will take about 50 minutes. Drain and serve the stock. Pour the beans into a deep pot, add rest of ingredients and enough stock to come to the top of the pot. Cover tightly and bake 7 hours in a slow oven. Add more stock as the beans cook dry. Uncover beans last 30 minutes to brown the top.

### Steamed Brown Bread

1 cup flour                      2 teaspoons soda  
1 cup cornmeal                 $\frac{1}{2}$  cup molasses  
1 cup whole                      1  $\frac{1}{2}$  cups sour m.  
wheat flour                      or buttermilk  
 $\frac{1}{2}$  teaspoon salt

Mix ingredients. Half fill greas-  
mold. Cover tightly and steam  
hours. Serve warm, cut in slices.

### Yanks Gain New Positions in Solomons

(From Page One)

and air battles reported shaping up last week in the Solomons area, where Navy Secretary Knox said operations were nearing a climax.

Allied Headquarters in Australia, Feb. 8.—(P)—Allied forces patrolling near Wau, about 35 miles southwest of the Japanese base at Salamaua, New Guinea, killed an additional 39 Japanese in ground skirmishes which followed Saturday's great air battle over Wau in which 41 Japanese planes were either destroyed or seriously damaged, an Allied communique said today.

Another 29 Japanese "stragglers" were reported killed in the Bakunbari area about eight miles northwest of Gona, now in Allied hands.

The communique said that two enemy barges filled with troops were machine-gunned by Allied planes in Riebeck bay on the north side of New Britain island Saturday and that "substantial casualties" were caused. One of the barges was set afire and both were forced to the beach.

### Stimson For Continuance of Lend-Lease

(From Page One)

an account of what part lend lease is playing in carrying out the drive for unconditional surrender of the Axis.

Approval of the legislation to extend the lend lease program another year appeared a certainty. Stimson declared that lend-lease—greatest swapping agreement in history—had ended the lack of coordination, confusion and competition which existed in the manufacture of war material before the act was passed.

He said that the war production industries of this country and Great Britain now are so closely integrated that to end lend lease aid would result in the "critical impairment" of the United Kingdom's production.

Similarly, he said that lend lease was having "real influence" in Russia's war effort, and emphasized the need for its continuance by declaring that the "Russian industrial machine has been badly knocked about by the Germans."

"To end the supply line to China," he said, "would be to deny her modern weapons to use in the fight with our enemy in the Pacific."

He acknowledged that the aid reaching China was not in as great a quantity as the war officials here desire, but stressed the difficulties and distances in making deliveries.

Meanwhile, it was learned that at least four members of the committee plan to press for an explanation of just how much aid is getting through to China, along with the reasons why the Chinese military mission returned home.

### FIVE DIE IN UNUSUAL NAVIGATION ACCIDENT

Philadelphia, Feb. 8.—(P)—Five crew members of a 115-ton tug were lost yesterday in what was termed one of the most unusual mishaps in the history of navigation on the Delaware river.

The tug, the J. M. Taylor, was standing by with a line down to a sunken railroad barge about 300 yards north of the Delaware river bridge, that connects Philadelphia and Camden, N. J., when suddenly at 6 a. m. the sunken barge popped to the surface, capsizing the tug. As the barge again sank it drew the overturned tug down with it, trapping the captain and four crewmen in 32 feet of water. Four others of the crew were rescued.

Rivermen expressed the opinion the backwash of a passing ship, combined with an outgoing tide, disturbed the sunken barge and caused it to surface.

### Campaign in Tunisia Is Bugged Down

(From Page One)

sumably referring to that action, the Allied communique from North Africa said "one of a small number of enemy bombers was destroyed."

General Sir Bernard L. Montgomery's patrols, whose activities in the past frequently have given the first hint of impending large scale action, were reported feeling their way into the no-man's land between the Matmata hills and Rommel's first natural line of fortifications in southern Tunisia.

Official advices from Cairo, however, were non-committal concerning developments along the frontier and Montgomery's plans remained a matter for keen speculation.

A temporary stalemate in central Tunisia was indicated, meanwhile, by reports that British troops were consolidating new positions near Djebel Mansour, 20 miles southwest of Pont Du Fahs, after withdrawing from that strategic height which they captured last Wednesday.

The British withdrawal left the Germans in control virtually everywhere of the mountain heights dominating passes which the British and Americans must regain before they can drive to the sea.

The 12th U. S. air force announced that during the week ending Friday American planes had destroyed 80 enemy aircraft and damaged 72 others, compared with 38 American planes lost or missing. These figures, the announcing said, brought the totals for the entire Tunisian campaign to 338 enemy planes destroyed and 264 damaged, against 162 American planes lost or missing.

The Berlin radio, giving a Nazi version of the campaign, said 5,000 Allied troops had been captured and 45 tanks destroyed in Tunisia since Jan. 18.

Developments behind the front were marked by a press conference at which Robert Murphy, U. S. minister, and Harold MacMillan, British resident minister, emphasized that they and their governments were in complete accord in political questions in North Africa.

Both expressed belief there had been a general improvement in the political situation in recent days.

### Hoover Warns Nation Needs One Million More Workers

(From Page One)

Occasionally puffing a cigar, the food administrator of the last war declared that he believed sufficient additional labor to take care of the expanded production program could be obtained by employment of trained women, importation of workers from Mexico and the furloughing of enough men from the military services to make up the needed million.

Hoover conferred for nearly two hours behind closed doors with a senate appropriations subcommittee investigating manpower facilities.

"The size of the army must be modified—at least for the immediate period of 1943," he told reporters later.

As for farm production, Hoover said American agriculture "certainly cannot make the grade unless it has a larger manpower supply—if we are going to produce more in 1943 than in 1942, we certainly can't do it with less labor than last year."

He estimated that oil production now is deficient about 200,000 barrels a day and predicted that figure would be increased to 500,000 by the end of the year.

### Churchill's Return Spurs Invasion Talk

(From Page One)

and America must make ready to take over the burden. They must lose not a day and not an hour."

"The great Russian sweep forward," said the Daily Mail, "serves only to emphasize in starker clarity the urgency of an Allied offensive somewhere in Europe early this year."

The prime minister, home from significant conferences in Casablanca, Cairo, Adana and Algiers, showed he was wasting no time as he met with ministers within a few hours of his arrival for discussions which continued well into this morning.

He reached England yesterday in an American-built Liberator bomber flown by his American pilot, Capt. William Van Der Kloot, of Sarasota, Fla.

### Quarryville's Noted Citizen Passes Away

(From Page One)

Hensel also was interested in politics. He was member of the Lancaster county Democratic committee for 56 years and was a delegate to the national Democratic convention in 1936.

Included in his journalistic work here 16 years of columnizing for the old Philadelphia North American and 12 years for the Philadelphia Inquirer.

Heirs of a head water at a British seaside hotel received more than \$100,000. He had served as head waiter for 49 years.

### Ciano Hinted Peace Envoy

By FRANK BRUTTO

Bern, Feb. 8.—(P)—Premier Mussolini's appointment of his son-in-law, Count Galeazzo Ciano, as ambassador to the Vatican was interpreted by some neutral newspapers and observers today as motivated by a desire to establish channels for peace efforts.

The press in neutral European countries showed much more interest in Ciano's assignment to Vatican City than in the previous drastic shakeup of Mussolini's cabinet, in which Ciano lost his post of foreign minister.

It was pointed out that in Vatican City he might have a chance to establish contacts with envoys of the United Nations. (In the light of the "unconditional surrender" declaration of President Roosevelt and Prime Minister Churchill at Casablanca, there was doubt as to whether these envoys would permit any approach by the Italian.)

Neutral observers recalled that Pope Pius XII had spoken and worked for peace ever since his elevation to the papacy in March, 1939.

### STORY IN AKRON PAPER IS NOT SUBSTANTIATED

Washington, Feb. 8.—(P)—Chairman Magnuson (D-Wash.) of a special house naval subcommittee said today that questioning of the city editor and a reporter for the Akron (Ohio) Beacon Journal failed to show "any direct evidence to support" stories the paper published that merchant seamen refused to unload cargo at Guadalcanal on a Sunday.

Magnuson asked City Editor Charles Miller to submit to the committee, investigating the stories, files of the paper from December 25 to January 21 to show what marines were interviewed in Akron by Reporter Helen Waterhouse.

Mrs. Waterhouse earlier today testified that disclosure of the names of the men she spoke to would destroy the public "faith in any reporter" or in the Akron Beacon Journal.

Miller relayed to the newspaper the committee request for the names and Magnuson said no reply had yet been received.

### TECHNICAL TRAINING COURSES ARE PLANNED

State College, Feb. 8.—(P)—Pennsylvania State College officials today announced technical training courses have been or will be established in 15 areas where serious manpower shortages have been reported.

J. Orvis Keller, assistant to President Ralph D. Hetzel, said the areas where there are shortages of war workers are: Alhquipp, Allentown, Berwick, Erie, Harrisburg, Lancaster, Lebanon, New Castle, Philadelphia, Pittsburgh, Pottstown, Reading, Washington, Williamsport and York.

He added that the college "stands ready to train for war jobs those affected by the recent government order—war work or fight—especially where the need for technical instruction exists."

### New Rubber Program Is Progressing

(From Page One)

The administrator said that privately-owned plants have produced considerable synthetic rubber and the plants the government is building will reach stride by 1944.

Asked if the privately-owned plants feared government competition after the war, he said: "They've all got one concern—let's win the war. Big business and little business are all doing a whale of a job."

Jeffers said enough reclaimed rubber is being turned out to bridge motorists "over the gap" but that they should continue to use their cars only when necessary and drive at reduced speeds for the rest of the war.

### MAN SENTENCED TO BE HANGED PAROLED

Harrisburg, Feb. 8.—(P)—A man sentenced to be hanged in 1912 was among 19 inmates of Eastern Penitentiary receiving paroles today from the State Parole Board.

He is William Peter Bishie, Lackawanna county, who was condemned for first degree murder and received a commutation to life imprisonment six months later.

Those granted paroles, effective last Saturday all received commutations from the state pardon board at its December session, making them eligible for release.

### NAVY CASUALTIES

Washington, Feb. 8.—(P)—The navy announced today 53 casualties in navy forces, including 15 dead, 22 wounded and 16 missing. This brings to 22,832 the total of navy, marine corps and coast guard casualties reported to next of kin since December 7, 1941. The grand total includes 6,490 dead, 4,055 wounded and 12,287 missing.

First dental college in the United States was organized at Baltimore, Md., in 1839.

### Mobilization Of Manpower Step Nearer

(From Page One)

where unions now hold closed shop contracts.

Behind its introduction stood mounting complaints from agricultural areas that farm labor is flocking to better-paid jobs in war industry, from war industries that the demand for skilled labor is resulting in "pirating" and inflation-producing bids for able workers.

The National War Service Act would affect every person now registered under the selective service act except those serving in the armed forces, including the WAACS, WAVES and SPARS, and would require registration of all women between the ages of 18 and 50.

Exempted, however, would be women with children under 18 and expectant mothers, but even these would be subject to service under the act once the condition which brought them deferment "ceases to exist."

Under its terms, the president would be authorized, whenever he determined "that additional workers are needed in any war industry, in agriculture, or in other occupations, activities or employments, essential to the effective prosecution of the war," to issue a call for volunteers.

If sufficient volunteers to meet the need failed to respond, the chief executive then would be empowered to direct the selective service boards to supply them "from those who are liable under terms of the act."

While the selective service machinery would be used to administer the act, it provided that "due regard" must be taken to assigning men or women in or near their home communities, against sending them to places lacking "suitable" housing accommodations, and to giving them jobs in line with their aptitude.

### SEEK MISSING FLIERS

Manchester, N. H., Feb. 8.—(P)—The public relations office of the Army Air Force at Greater Field said today that the ground search for two missing crew members of an army plane which crashed on Cape Cod, Mass., last week had been called off but that an aerial search continued. The plane left Harrisburg, Pa., on a routine mission with four men aboard. One parachuted to safety. Parts of the body of another crew man were found near the plane wreckage.

### MEAT DISPENSATION

# Ask Farmers To Increase Swine Herds

Farmers have been asked to increase the 1943 spring pig crop by 10 per cent over the 1942 spring crop, and since this request was made by the secretary of agriculture, events have been transpiring so rapidly that indications are the need for hogs is going to be even greater than it looked to be a few weeks ago. W. H. Bishop, secretary-treasurer of the Meadville Production Credit Association, said today.

Mr. Bishop said that this 10 per cent figure does not apply with equal force in all parts of the country, that in some districts the call will be much higher. "The appeal from the secretary seems to be for every farmer, no matter where he lives, to raise as many hogs as his circumstances will permit," Mr. Bishop said.

"The directors of our association are particularly interested in this situation," Mr. Bishop said, "because farmers who normally raise only a few hogs, during 1943 are likely to increase the number materially and that our Production Credit Association desires to finance all eligible farmers who will need additional funds for labor or even to buy brood sows or feeder pigs."

Speaking of prices, Secretary Wickard recently said that the demand is keeping the prices of pork and lard up and will continue to support them for a long time to come during the war and afterward."

# "BIG BEN'S" HANDS

The hands of "Big Ben," London's famous clock, weigh 224 pounds for the hour hand and 336 pounds for the minute hand. The hour bell weighs 13½ tons.

# National Forest Property (Cordwood) For Sale

Sealed bids will be received by the Forest Supervisor at Warren, Pennsylvania, up to 2:00 p. m. February 16, 1943, for unpeeled cordwood suitable for pulpwood, chemical wood and fuelwood, located in Howe Township, Forest County, Pennsylvania, Allegheny National Forest, about 3½ miles northeast of Mayburg, Pennsylvania, stacked in piles along State Highway Route 666 or along woods over which heavy trucks can travel, estimated to be 2000 cords, more or less, with approximately 200 cords to be made available per month beginning about March 1, 1943, the actual number of cords to be disposed of depending upon the continued availability of labor to prepare it. No bid will be considered of less than \$5.83 per unit or cord of wood measuring 4 ft. x 8 ft. x 48 in.; \$5.91 per unit or cord of wood measuring 4 ft. x 8 ft. x 50 in.; \$6.00 per unit or cord of wood measuring 4 ft. x 8 ft. x 52 in.; \$6.77 per unit or cord of wood measuring 4 ft. x 8 ft. x 60 in.

Five Hundred Dollars must be submitted with each bid to be applied to the purchase price refunded or retained in part as liquidated damages, according to conditions of the sale. The right to reject any and all bids is reserved. Before bids are submitted, a prospective bidder should inspect the exact location and loading conditions. Full information concerning the wood, conditions of sale, and submission of bids should be obtained from the Forest Supervisor at Warren, Pennsylvania or from the District Ranger at Marienville, Pennsylvania.

# METZGER-WRIGHT

# Modern U. S. Navy Dependent Upon Products of the Forests

The modern United States Navy is fully as dependent upon the products of American forests today as were the wooden-hulled brigs and frigates of John Paul Jones day, says Rear Admiral C. C. H. Woodward, USN, (Ret.), chief of the Incentive Division of the Navy. Parts of his statements follow: "At present we are embarked on a constructive program which, when completed, will virtually double our naval strength. To maintain this building program at top speed requires strategic materials in almost astronomical quantities—steel, copper, nickel, zinc, aluminum, rubber—and quite as important as any of these, wood."

"In this era of mighty armored men-of-war, it may seem strange to stress that wood is just as vital to the Navy as steel; and furthermore, that our modern Navy is fully as dependent on the products of our lumber camps and sawmills today as were the wooden-hulled brigs and frigates of the John Paul Jones' day. Yet these are indisputable facts. Merely a glance at some of the types of Naval craft, wood is a basic requirement, should indicate how vital it is to the shipbuilding program: subchasers, Coast Guard cutters, harbor patrol boats, motor torpedo boats, mine layers, mine sweepers, river gunboats, destroyer tenders, submarine tenders, seaplane tenders, repair ships, auxiliary ammunition ships, floating drydocks, tugboats, cargo and passenger transports,

(From Page Seven)

duel that wound up with the score tied at 13 to 13 at the first session's end.

After the first the Rocks continually gained on the local E's led by "Buck" Samuelson, but were never far enough ahead to ice up the tilt and although garnering a ten-point win the Rocks were threatened in every minute until the final whistle and the last minute race found them connecting with a series of field goals from the center of the floor to ring up nine counters to end their ten point win.

Johnny Pawk and "Tink" Wolfe were outstanding for the Rocks with the latter's accurate shooting and Pawk's defense play, while Bobby Chase, Jiggs Bonavita and Bob Caldwell held their team in there with nice work.

AT THE ELKS

The Simonsens took three from the mighty Kirbergers last Friday in a fast match that found Captain Bill Simonsen knocking off Kirbergers with a 269. W. Miller and P. J. Miller clipped off 227 and 204 respectively for helpers on Bill's 633 total to take the sweep. Gus Geracimos "three bell" team took a drop from the Mader outfit by losing three points behind Weaver's 213 game. Simonsens took high team game for the night with 977 and high team total with 2735. Honor Roll: W. Simonsen 269; W. Miller 227; W. Weaver 213; W. Draheim 210; P. Miller 204.

# Small Plants Getting Aid In The Securing of Contracts

Pittsburgh, Feb. 8.—Lou E. Holland, deputy chairman of the War Production Board on smaller war plants today announced that 12 regional offices headed by regional directors, and 131 district offices, empowered to take action on the spot, have been established under the new decentralization plan of the Smaller War Plants Division.

This plan, which goes into effect immediately, Mr. Holland said, enables the S. W. P. D. representatives to work directly with the distressed plants and district procurement officers of the army and navy and other procurement agencies. Thus, the problems of small business will be met at the source, contracts will be handled directly and distribution of war work among such distressed plants speeded up.

Mr. Holland called for the operators of distressed plants to furnish immediately simple information regarding their organizations and urged them to mail the answers to ten questions to their nearest WPB office.

"If your plant needs business," Mr. Holland said, "answer the following questions, regardless of any other forms you already may have filled out:

1. Firm name and full address.
2. Kind of business and products normally produced.
3. Kind of war work you are equipped to handle.
4. Average number of employees a year ago and now.
5. Dollar value of factory sales in 1941.
6. Dollar value of factory sales by months, for the past six months.
7. Dollar value of business of all kinds on hand now.
8. A general description of equipment.
9. Kinds of war work on hand, if any, and how much.
10. If your labor force has been depleted, to what extent can it be replenished.

"Our plan is producing results," Mr. Holland stated. "Our men in contact with procurement offices are bringing in requisitions every day which involve large quantities of work suitable for placement with distressed plants (including woodworking, textile, sheet metal and machine shop) and we would like to place these orders with firms which need the work most right now. But in a great many cases we have no means of knowing the degree of distress of the plants whose facilities we consider for the work."

"We do not want an over-all report of plant equipment. We may have had this previously. But, since then many plants have received war work. Our records get out of date in a month. Conditions are changing every day."

"I want to emphasize that these replies should be mailed in to the

# Give Her A Valentine for HER HOME

- Emdroidered Pillow Cases**  
They are just as lovely as can be with the hand embroidery or the Madeira embroidery edge. Just what she want, we know. **3.50 pr.**

located in war production," Mr. Holland concluded.

Mr. Holland has appointed Charles H. McArthur, chief, Field Service Branch, to supervise the regional set-up.

Daniel B. Ford is deputy regional director in charge of Smaller War Plants for Ohio, Kentucky, West Virginia and Western Pennsylvania.

Sixteen district WPB offices are located in the region, and the answers should be mailed to the nearest one.

Those in this area are located as follows:

**Western Pennsylvania**  
Erie, Erie Trust Company building.  
Johnstown, U. S. National Bank building.

Pittsburgh 800 First National Bank building.

**MOST ACTIVE VOLCANO**  
The most active volcano in Europe, Stromboli, rises more than 3000 feet above the Mediterranean sea and is eight miles in circumference at its base.

Vanilla is the cured pod of one of the orchid family of plants.
